# MICHIGAN TAXPAYER'S GUIDE

## REFERENCE FOR THE

## 2004 TAX YEAR

*Dear Taxpayer:*

*With our varying tax laws under constant review and often changing, the task of sorting all the information put before you at this time of year becomes more and more difficult.*

*For the 2004 tax year, I hope to make that task a little easier by providing you with the "2005 Michigan Taxpayer's Guide." This booklet gives you the latest information on many of Michigan's tax laws, in simple-to-understand English, put together in a single publication.*

*This booklet contains information for the 2004 tax year on property taxes, homestead property tax credits, farmland and open space tax relief, the home heating credit program, the Michigan Income Tax, the Single Business Tax, and other tax-related subjects. Your attention to the information contained in this booklet may ease the burden of filling out state tax forms and may even save you money. However, this booklet is not designed to provide you with line-by-line instructions for filling out state income tax forms. That information is provided by the Michigan Department of Treasury in the income tax instruction books that include your tax forms.*

*This year, the income tax rate has been lowered to 3.95%, and the personal exemption for taxpayers and dependents on state income tax returns is \$3,100. The pension and annuity income deductions are larger, and the interest and dividend income deduction for senior citizens is larger. The income tax form also has special categories of personal exemptions known as the Michigan special exemptions. These exemption categories are in addition to your allowable federal exemptions and include the categories age 65 or older, deaf, blind or disabled, and unemployment compensation that amounts to 50% or more of adjusted gross income. You may now exempt \$2,000 of income for each special exemption category that applies to you, your spouse (if filing jointly), or dependents.*

*Most taxpayers may request that their income tax refund be directly deposited into a U.S. financial account of their choice. To request direct deposit, you must fill out the direct deposit portion of your MI-1040, MI-1040CR, or MI-1040CR-2. You may also file form 3174 and attach it to your state income tax form. Do not request direct deposit if you are filing a home heating credit claim from which an energy draft will be issued.*

*This booklet was prepared in 2005 to provide taxpayers with useful information about their 2004 state taxes. It is not meant as a substitute for Michigan Department of Treasury tax instruction booklets.*

*The tax forms have been included as an example for taxpayers. Anyone using these forms to file their state income tax and property tax credits should consult the department's instruction booklets. Any references on these forms to page numbers refer to pages in the department's instruction booklets and not to pages in this Taxpayer's Guide.*

*As always, I welcome your comments on this booklet or any matter of legislative concern.*

# **MICHIGAN PROPERTY TAX**

An important part of our state's tax structure has traditionally been the reliance on the general property tax for the funding of school districts, townships, villages, cities, and counties of the state. It has been the largest yielding tax of all of Michigan's state and local taxes, and it has long been a major source of revenue for the financing of the operating expenses of schools. With the passage of 1993 PA 145, however, local property taxes were eliminated as a source of funding for K-12 and intermediate school district school operating funding. With approximately 64% of the \$10.2 billion in total funding for schools eliminated, it became necessary to look for a new way to restructure Michigan's tax system. In 1994, the voters of the state of Michigan approved ballot Proposal A by a margin of 1,681,541 to 750,952 in a special election held on March 15, 1994. This proposal (Senate Joint Resolution S), in part, imposed an additional 2% rate on the sales and use taxes and capped the rate of annual increases in taxable value to the rate of inflation or 5%, whichever is less. When the property is transferred, it is assessed in the following year at one half of true cash value. For 2005, the cap has been set at 2.3%.

In addition to the changes associated with Proposal A, a number of laws were tie-barred to the passage of the proposal which made historic changes to Michigan's tax structure. The major changes included 1993 PA 328 which lowered the state income tax rate from 4.6% to 4.4% (1999 PA 4 lowered the rate to 4.0% for the 2003 tax year) and increased from 17% to 20% the percentage of rent that renters may use to calculate their homestead property tax credit; 1993 PA 330, which, as subsequently amended, established the Real Estate Transfer Tax Act, imposing a tax of \$3.75 for each \$500 or fraction of \$500 of the total amount of value of all real property transferred in the state beginning January 1, 1995; and 1993 PA 327, which increased the cigarette tax to 37.5 mills per cigarette (or \$0.75 per pack) and levied a tax of 16% on the wholesale price of other tobacco products. Under 2002 PA 503, the cigarette tax was increased to 62.5 mills per cigarette (or \$1.25 per pack), and the tax on the wholesale price of other tobacco products was raised to 20%. The tax was increased by another 37.5 mills per cigarette (\$0.75 per pack) by 2004 PA 164. This act also increased the tax on other tobacco products by an additional 12% of the wholesale price. The proceeds of these increases are dedicated to the Medicaid Benefits Trust Fund.

As to the property tax, 1993 PA 331 created the State Education Tax Act, imposing a six-mill state education tax levy on all property subject to the general property tax. 2002 PA 244, however, provided for a one-time summer collection of the state education tax. The act also provided that, for the 2003 summer tax collection only, the state education tax would be levied at the rate of five mills, rather than six mills. 1993 PA 312 allows local school districts to levy not more than 18 mills for school operating purposes or the number of mills levied in 1993 for school operating purposes, whichever is less. Principal residences and, pursuant to 1994 PA 136, qualified agricultural property are exempt from the 18-mill levy.

A homeowner's principal residence is defined, in part, to mean that portion of a dwelling or unit in a multiple dwelling owned and occupied as the owner's principal residence. A homestead also includes all of an owner's unoccupied residential property adjoining or contiguous to the dwelling owned and used as the owner's principal residence; any portion of a principal residence rented or leased as a residence to another as long as that portion rented or leased is less than 50% of the dwelling's total square footage of living space; a life care facility; or property owned by a cooperative housing corporation and occupied as a principal residence by tenant stockholders. Qualified agricultural property, in part, means unoccupied property and related buildings classified as agricultural or other unoccupied property and related buildings on that property devoted primarily to agricultural use. Property used for commercial storage, processing, distribution, marketing, or shipping is not qualified agricultural property, and an owner will not receive an exemption for that portion of the taxable value of the property used for a commercial or industrial purpose.

## A TAXPAYER'S GUIDE

---

To be eligible for the homeowner's principal residence (formerly "homestead")/qualified agricultural use property exemption in 2005, an owner of property must have claimed an exemption by filing an affidavit with the local tax collecting unit on or before May 1. A husband and wife, filing jointly, are entitled to no more than one principal residence exemption. To be eligible for the agricultural use property exemption on land classified for assessment purposes as agricultural, it is not necessary to file an affidavit unless the assessor requests it.

In addition to the 18 mills in local, nonhomestead property tax permitted to be levied under 1993 PA 312, a limited number of high-revenue school districts may levy supplemental "hold harmless" mills on a principal residence and, in some circumstances, on nonhomestead property. With voter approval, an intermediate school district may also levy up to three "regional enhancement" mills on all property for school operating purposes. School districts may, with voter approval, levy up to five mills for the creation of a sinking fund to construct and repair school buildings, and a school district operating a community college may continue to levy taxes for operation at a rate equal to the mills formerly authorized. With the expiration of such authorization, the district, with voter approval, may renew the millage authorization, levy additional millage, or both. Finally, an intermediate school district, pursuant to 1994 PA 258, may authorize certain millage for operating expenses, funding vocational-technical education programs, and special education programs.

When looking at the property tax changes in Michigan, it is helpful to realize that, with the exception of the state education tax, the property tax is really a general term for all the property taxes imposed by townships, school districts, counties, cities or villages, and other local units of government, which are all local in nature. Money raised through property taxes goes toward financing local services, such as police and fire protection; public education; the operation of city, village, township, and county governments; and financing special projects such as sewers, streets, or parks. All property taxes collected by local units of government, other than the state education tax which is sent to the School Aid Fund for distribution, are kept locally, and no part of that revenue is sent to or used by the state.

The following is intended to provide you with general information about this tax, the assessment of property, the equalization process, what to do if you feel your assessment is too high, and property tax rates, as well as important dates as to when tax rates are determined, assessments are made, and taxpayers can appeal.

## YOUR PROPERTY TAX ASSESSMENT

Property subject to taxation by local units of government is classified as either real or personal property. Real property consists of land and any improvements to the land, such as buildings and water and sewer facilities. In contrast, personal property includes tangible items such as furniture, machines, and equipment belonging to a business and those items not permanently attached to land or buildings. Customary household goods such as furnishings, clothing, and cars are some of the items that have been exempted from this tax.

Real property has been further divided into the following classifications: agricultural, commercial, developmental, industrial, residential, and timber cutover; while personal property has been classified as either agricultural, commercial, industrial, residential, or utility personal property.

In 1954, the Michigan Supreme Court ruled that the "assessed value" of property shall be the value placed upon the property by the local assessing officer, as equalized by the county and finally by the state. Equalization is needed to ensure that property owners in all parts of the county or school district pay their fair share of that unit's taxes. Equalization provides that all similar properties are equally and uniformly assessed and serves to ensure that a school district, city, township, or village in which property is underassessed does not get more than its fair share of state aid. The Michigan Constitution requires that property be assessed uniformly at a rate not to exceed 50% of true cash value. In 1965, the Michigan Legislature set the assessment rate at 50% of true cash value, as authorized by the Constitution.

Property assessment is an annual, three-step process. First, the local assessor determines the assessed value of property based on the condition of the property on December 31 of the previous year. Second, the board of commissioners in each county applies an adjustment factor to the assessments of each city and township in which assessments are above or below the required level. Third, the State Tax Commission applies an adjustment factor to the assessments of a county when its assessments, after the county adjustments, still fail to meet the required level.

Furthermore, the law also requires that the local assessor send to each owner or person or persons listed on the assessment roll of the property a notice, by first-class mail, of an increase in the tentative state equalized valuation (SEV) or the tentative taxable value for the year. The tentative taxable value is the value used to calculate property taxes under the requirements of Proposal A. This notice must be sent at least ten days before the meeting of the local board of review, and it must specify each parcel of property, the tentative taxable value for the current year, and the taxable value for the immediately preceding year. The notice must also include the SEV for the immediately preceding year, the tentative SEV for the current year, the net change between the tentative SEV for the current year and the SEV for the immediately preceding year, the classification of the property, the inflation rate for the immediately preceding year, and a statement explaining the relationship between SEV and taxable value. The notice must also include a reminder that, if the owner purchased the principal residence after May 1 of the prior year, the owner must file a homeowner's principal residence exemption claim on or before May 1.

The Michigan Constitution requires uniform assessments and because, prior to 1981, some taxing jurisdictions had not assessed property at 50% of true cash value, counties and the state had equalized the assessment roll by multiplying the assessed value by a factor designed to bring the total assessed value of all real or personal property on the roll to 50% of true cash value. In carrying out this annual equalization process, it became apparent that among the six different classes of real property and five different classes of personal property, which local units combined for assessment and equalization purposes, some were being assessed at or near the 50% rate, while others were being assessed at a considerably lower rate. This meant that when the local unit of government combined the different classes to determine what rate was needed to bring the total assessed valuation of all property up to the prescribed 50% rate, those classes that were already at or near it would be carrying a greater tax burden than those classes that were at a lower rate.

The process of equalization is now done separately for personal property and for each class of real property within each of the assessing units and the counties. Therefore, if, within an assessing unit, a particular classification of real property, such as residential, has been assessed at the proper percentage of true cash value, no equalization factor will be necessary. The 1981 equalization process was the first year in which the new separate equalization by class was accomplished.

As a further step to encourage local assessors to assess property at 50% of its true cash value, 1981 PA 213 was enacted. This law has required a city or township, when its state equalized valuation exceeds its assessed valuation, to reduce its maximum authorized millage rate to produce the same amount of property tax dollars which would have been generated on the assessed valuation.

When looking at your property tax assessment, it is important to remember that property has been assessed on the basis of its usual selling price (true cash value). For tax purposes, property has traditionally been assessed at 50% of the true cash value and, on equalization, this resulted in the determination of the property's state equalized valuation (SEV). With the passage of Proposal A in March of 1994, however, the annual increase in a property's value for tax purposes, adjusted for all additions or losses, was capped at the rate of inflation or 5%, whichever is less. Taxable value is now the basis for the property tax assessment and, under 1998 PA 542, is the basis for the levy of special assessments that are levied on a millage rate basis. Therefore, a property will have both an SEV and a taxable value. Assuming that your

## A TAXPAYER'S GUIDE

---

property's true cash value rises faster than the rate of inflation or 5%, whichever is less, over time the property's taxable value may grow at a rate that is significantly lower than the rate of growth of its SEV. When a property is transferred, however, the following year's SEV becomes the property's taxable value. A transfer of ownership occurs when a title or present interest in the property is transferred by, but not limited to, conveyance by deed, land contract, trust, distribution under a will, and certain leases. Transfers of property from one spouse to the other spouse or from a decedent to a surviving spouse, among other exceptions, are not considered to be a transfer of ownership.

In addition, legislation enacted in 2000 eliminated the pop-up from taxable value to SEV when eligible farmland is transferred to new owners. Part of an agricultural preservation package recommended by the Senate Agricultural Preservation Task Force, 2000 PA 260 provided that when someone purchases eligible farmland they may file an affidavit testifying that the property would remain in agricultural use for at least seven years, and the transfer would not trigger the pop-up from taxable value to SEV for assessment purposes.

Applicable for all transfers of agricultural property since January 1, 2000, the pop-up elimination assures that the property will be assessed on taxable value as if the transfer did not occur. If the property has a change in use out of agricultural production, however, 2000 PA 261 provides that a portion of the benefits of the property tax pop-up elimination will be recaptured. The proceeds of the recapture are dedicated to the Agricultural Preservation Fund for local property development rights preservation programs under 2000 PA 262.

## THE BOARD OF REVIEW

If, for any reason, you disagree with the assessed valuation, taxable valuation, or percentage of the qualified agricultural property exemption of your property, you may appeal that assessment to your local governmental board of review. Township boards of review are comprised of three, six, or nine voters of the township who are appointed by the township board. If the board consists of six or nine members, it will be split into committees of three. An immediate family member of the assessor may not be a member of the board of review. Two-thirds of the board must be comprised of property taxpayers in the township. The size, composition, and appointment of city boards of review vary according to requirements of their respective charters. Cities may also establish boards of review in the same manner as townships.

Township review boards meet on the Tuesday following the first Monday in March to review the roll and, in the week containing the second Monday in March, to hear protests. The board must meet for a total of at least 12 hours in the second week of March. Review boards in townships must meet at least three hours after 6:00 p.m. The meeting times for city boards of review vary according to requirements of their respective charters. For places and times of their meetings, watch your newspaper or call your local city, township, or village hall. Boards of review also meet in July and in December to correct errors in the roll. These meeting dates are also used for initial hearings on disputes over claims for the homeowner's principal residence, poverty, and qualified agricultural property exemptions as well as recisions of homeowner's principal residence exemptions. If you are not satisfied with the judgment of the board of review, you may appeal your assessment to the Michigan Tax Tribunal.

Remember, it is important that you appeal to the local board of review if you think your property is unfairly assessed relative to similar property. In addition, to make an appeal at the state level, you must have first appealed your assessment locally. This is because the county or state equalization process may require a "factor" which could increase your SEV above the 50% of true cash value level if your property is not properly assessed by the local assessor. If a taxpayer has his or her assessment reduced as a result of a protest, the assessor must use that reduced amount as the basis for determining the next year's assessment.

The governing body of a city or township may authorize, by adoption of an ordinance or resolution, nonresident taxpayers to file a protest before the board of review by letter without a personal appearance by taxpayers or their representatives. If such an ordinance or resolution is adopted, the township or city must notify taxpayers of this option in their assessment notices. In addition, the law requires a local review board to send a written notification of the board's action to every individual who makes a request, protest, or application for correction of property assessment.

If your homeowner's principal residence exemption claim is denied, you may appeal that denial to the Residential and Small Claims Division of the Michigan Tax Tribunal within 35 days of the notice of the denial. If the initial denial was made by the Department of Treasury, the first appeal is made with the Department of Treasury. If it is again denied, it would be appealed to the Tax Tribunal. The March board of review has no authority over claims for homeowner's principal residence exemptions. These claims may be granted by the July or December boards of review for the current year and the immediately three preceding years.

## **THE MICHIGAN TAX TRIBUNAL**

Under the Tax Tribunal Act, an independent tax tribunal has the power to hear appeals of judgments of the local boards of review. The tribunal is a quasi-judicial body whose seven members are appointed by the Governor and confirmed by the Michigan Senate.

If you do not believe that you received a fair and equitable response from your local board of review, you may appeal your assessment to the Michigan Tax Tribunal. You must generally file your appeal before June 30 in the year in which you received the assessment, even if you do not receive notification of the results of your appeal by the cutoff date. To make an appeal to the state level, you must have first appealed your assessment to the local board of review, unless you have an appeal pending.

If you have an appeal for a prior year pending before the Michigan Tax Tribunal for claims of property tax exemption or before the Tribunal's Residential Property and Small Claims Division, which has not yet been heard, the Tax Tribunal Act provides that a subsequent assessment dispute will be added automatically to the appeal pending before the Tribunal. You may request that any subsequent year be excluded at the time of the hearing.

An opportunity will be made available upon receipt of the Tribunal's notice of hearing for you to amend the appeal to include subsequent assessment disputes. The Michigan Tax Tribunal will include an instruction form with the notice of hearing advising taxpayers of their right to amend their petition. If you request an evening hearing, the hearing will be held after 6:00 p.m. In addition to hearing appeals from judgments of boards of review, the Residential Property and Small Claims Division also has exclusive jurisdiction over claims for agricultural, poverty, and homeowner's principal residence exemptions, as well as taxes, interest, and penalties for failure to notify an assessor of a transfer of ownership of property. An appeal of a claim for a homeowner's principal residence exemption must be filed with the division within 35 days after the assessor, county treasurer, or county equalization director denies a claim for exemption. An appeal of a claim for a poverty exemption must be filed within 30 days after the July or December board of review (which are held to correct errors in the roll) denies a claim of exemption.

There is no fee for the filing of a homeowner's principal residence property tax appeal with the Residential Property and Small Claims Division of the Michigan Tax Tribunal. The fees for the filing of other property tax appeals are on a scale determined by the amount of SEV in contention. The fee for filing other appeals of a property's taxable value with the Residential Property and Small Claims Division is \$25.00 unless there is a dispute as to the value of an addition or loss, in which case the fee is based on a scale determined by the amount of SEV in contention.

## A TAXPAYER'S GUIDE

---

An initial letter of appeal to the Michigan Tax Tribunal should be addressed to the Michigan Tax Tribunal, P.O. Box 30232, Lansing, MI 48909. The letter should state: (1) that you have protested the assessed value this year at your local board of review; (2) the number of assessments you are appealing; and (3) the location of the property by village, city, or township and county.

## YOUR PROPERTY TAX RATES

The tax rate (millage) is the number of dollars the taxpayer must pay for each \$1,000 of taxable value. This rate varies by local unit, but certain statewide constitutional and statutory restrictions exist. The rate may not exceed 15 mills (\$15 per \$1,000) except in counties in which allocation among jurisdictions is permanently fixed by the voters at up to 18 mills. Excluded from these limitations are: (1) debt service taxes for all debts of all local units approved by the electorate; (2) extra-voted millage rates up to 50 mills, including allocated mills, for not more than 20 years; and (3) taxes imposed by those units having tax limitations provided by charter or general law (cities, villages, charter townships, charter counties, and charter authorities). As part of Proposal A, 1993 PA 314 provides that local school districts may no longer levy allocated mills and the 15-mill limit is reduced by the number of allocated school mills in 1993.

With the passage in 1978 by Michigan voters of Proposal E, the Headlee Tax Limitation Amendment, the Michigan Constitution was amended to require that if the SEV of existing property in a local unit of government increased by more than the consumer price index, the millage rate must be reduced to yield the same amount of revenue, adjusted for inflation, as could have been collected at the existing authorized rate. With the passage of Proposal A, this millage reduction is made using taxable value.

The Michigan Legislature placed in law a formula by which a local unit of government must reduce its maximum authorized millage when its state equalized value/taxable value increases by a percentage greater than the percentage of increase in the average annual consumer price index, not including that part of the increase that is caused by new construction and improvements.

However, because the rate of inflation since 1979 was often higher than the annual increases in the property value of many local units of government, millages had not been reduced nearly enough to satisfy some homeowners. To deal with this situation, and to insure that local governing bodies have control over whether property taxes increase, 1982 PA 5 was enacted. This law, known as the "Truth in Taxation Act," has limited the amount of property tax a local unit can collect to what was collected the previous year, plus the taxes yielded from new additions to the property tax roll. This procedure is carried out by reducing the millage rate to the level which will yield that amount of property tax revenue. The limit can only be increased by a local governing body after it advertises its intent to collect higher taxes, conducts a special public hearing on the specific subject, and then votes to approve the additional millage rate. Taxing units that comply with the "Truth in Budgeting" requirements of the Uniform Budgeting and Accounting Act, however, are exempt from the "Truth in Taxation" notice and public hearing requirements when the hearing is intended to cover both the proposed budget and the proposed tax rate. Legislation enacted in 1999 prohibits the rounding up of millage rates to avoid fractions in computing taxes. Under 1999 PA 38, assessors must round down millage rates to four decimal places and round down tax amounts to the nearest one cent.

To determine what your property tax will be for the year, you simply multiply your total local millage rate by your taxable value. A mill equals one one-thousandth of a dollar (\$1 of tax for each \$1,000 of taxable value). For example, if your local millage rate is 60 mills (\$60 per \$1,000 of taxable value) and your taxable value is \$20,000, the formula would be  $60 \times 20$ , for a property tax of \$1,200. In addition, the Michigan Department of Treasury now has a property tax estimator on its website (<http://www.michigan.gov/treasury>).

To evaluate the real cost of property taxes to you, it is necessary to relate your property tax bill to the program of tax credits and refunds discussed beginning with page 15 of this booklet. In 2003, for example, nearly 1.4 million eligible Michigan homeowners and renters received credits averaging about \$498 from the state through the homestead property tax credit program, for a total of nearly \$683 million. Please be aware that, with the reduction in property taxes, total property tax credits for 1994 and 1995 dropped by nearly 40%. In 1996, the state average millage rate declined from 56.64 mills in 1993 to 31.00 mills on homesteads and 48.79 mills on nonhomestead property in 1995.

In 2003, the state had an average millage rate of 40.2 mills, which generated \$11.27 billion in general property tax revenue collected by local units of government. The state average rate was 32.60 mills on a principal residence and 51.00 mills on nonhomesteads. The \$11.27 billion was divided among local units of government as follows:

<b>Local Unit of Government</b>	<b>2003 Percent of Total Mills Levied</b>	<b>2003 Estimated Dollars Levied (in Millions)</b>
County	16.08%	\$1,181.0
Township	6.06	683.4
City	18.71	2,108.6
Village	0.77	86.9
School	45.56	5,134.5
State Education Tax	12.82	1,444.7

This is a good indication of what percentage of your property tax dollars have gone to finance specific operations of local government.

## **SPECIAL ASSESSMENT DEFERRAL**

Many senior citizens have been concerned that rising property taxes could force them from their homes. The homestead property tax reforms approved by Proposal A in 1994 and the homestead property tax credit program will help alleviate this problem for many, but those measures do not address the matter of special assessments, which include assessments for the installation of curbs, gutters, sidewalks, pavements, and drains; tap-in water and sewer fees; roads; and police and fire services, among others. 1976 PA 225, as amended, has provided specific relief in this regard.

Under the provisions of this law, as amended, a homeowner who is 65 years of age or older or who is totally and permanently disabled, and who is a citizen of the United States, a resident of this state for five or more years, the sole owner of the homestead for five or more years, and whose annual household income was not more than \$18,732 in 2004, is eligible to defer special assessments on that homestead. The total amount of the special assessment to be deferred, exclusive of interest, cannot be less than \$300. Since January 1, 1984, the limit on household income for special assessment deferments has been adjusted annually according to the annual average percentage increase or decrease in the Detroit Consumer Price Index.

Special assessments will be deferred until one year after the owner's death or until the homestead is sold, conveyed, or transferred to someone else. Death of a spouse, however, will not terminate the deferment for the surviving spouse, unless the surviving spouse remarries.

Other significant provisions of 1976 PA 225 are:

1. That a homeowner who meets the eligibility requirements for deferment of a special assessment, and who borrowed from a lending institution to pay a special assessment before January 8, 1981, is eligible to receive money from a special revolving fund. This fund was established within the Michigan Department of Treasury to allow these individuals to repay the lending institution the principal amount used to pay the special assessment;
2. That the owner or owner's estate pay an interest penalty of 1% per month if the property on which a special assessment deferment has been granted is sold and the deferment has not been terminated. The interest penalty is charged from the date of sale of the property; and
3. For those who qualify for a special assessment deferment, the payment of the deferred special assessment by the owner or the owner's estate will include an interest charge of 1% per month or fraction of a month.

## SUMMER PROPERTY TAX DEFERMENT

Many homeowners are required to pay summer property taxes which become due well before state homestead tax refund checks are issued. However, section 51 of the General Property Tax Act requires any local unit of government collecting a summer property tax to defer collection of the tax until the following February 15, for the following categories of people:

1. Homestead property of a taxpayer who is totally and permanently disabled, blind, paraplegic, quadriplegic, hemiplegic, a senior citizen (age 62 or over, including the unmarried surviving spouse of a person who was 62 years of age or older at the time of death), eligible serviceperson, eligible veteran, or an eligible widow or widower, and whose total household income in the prior taxable year did not exceed \$25,000.
2. Property classified or used as agricultural real property, if the gross receipts of the agricultural or horticultural operations in the previous year or the average gross receipts of such operations in the previous three years are not less than the owner's household income in the previous year.

To claim a deferment, a taxpayer must file an intent to defer with the treasurer of the property tax collecting unit on a form the treasurer's office will make available. Persons eligible for the deferment must file by September 15 of the tax year or by the time the tax would become subject to interest or late penalty charges. If different treasurers collect school and municipal summer taxes, an intent to defer must be filed with each to defer collection of each. Summer property taxes deferred under this procedure, which are not paid by the following February 15, shall not be subject to penalties or interest for the period of the deferment. This allows you to apply for and receive your homestead property tax rebate before the taxes are due.

Section 44 of the General Property Tax Act authorizes local property tax collecting units to collect up to a 1% property tax administration fee and, on taxes paid after February 15, a 3% late penalty charge. In order to impose a property tax administration fee, collection fee, or any type of late penalty charge, the governing body of the local property tax collecting unit must adopt a one-time ordinance or resolution authorizing their imposition. However, the 3% late penalty charge may be waived by the local governing body of a city or township for the homestead property of a senior citizen, paraplegic, quadriplegic, hemiplegic, eligible serviceperson, eligible veteran, eligible widow or widower, totally and permanently disabled person, or blind person if that individual can demonstrate to the local treasurer that a claim has

been filed for a property tax credit and not received by February 15. In addition, the governing body of a local property tax collecting unit may waive all or part of the property tax administration fee or the late penalty charge, or both.

If you think you may qualify for the summer deferment or waiver, you may wish to contact your local treasurer for an application.

## **WINTER TAX DEFERRAL AND WAIVER**

A taxpayer who is a senior citizen, paraplegic, quadriplegic, hemiplegic, eligible serviceperson, eligible veteran, eligible widow or widower, or who is totally and permanently disabled or blind may be able to delay paying the winter taxes on his or her homestead until April 30 of the first year of delinquency. Section 59 of the General Property Tax Act allows county boards of commissioners to waive any interest, fee, or penalty in excess of the interest, fee, or penalty that would have been added if the tax had been paid by February 15 for those taxpayers if they:

1. Have applied for a property tax credit before February 15;
2. Have not received their refund before March 1; and
3. Present a copy of the property tax credit form to their county treasurer.

However, this deferral is permitted only if a county board of commissioners adopts a resolution approving the deferral.

The law also requires the county treasurer to waive the county's property tax administration fee and to either waive or refund interest charges on delinquent taxes for taxpayers who meet the above qualifications. You may wish to contact your county treasurer to determine if your county has made the deferment available and to determine if you qualify.

## **POVERTY EXEMPTION**

Section 7u of the General Property Tax Act, being MCL § 211.7u, as amended by 1994 PA 390, provides that eligible homeowners may apply for an exemption from paying property taxes. To be eligible for an exemption, a homeowner must apply to the local assessing unit after January 1 but before the day prior to the last day of the board of review.

A person may be eligible to request an exemption if they, at a minimum, owned and occupied the property as their homestead, demonstrated evidence of ownership and identification, and meet poverty income standards. The board of review of the assessing unit would determine if the applicant meets the minimum requirements for exemption and if the application should be granted or denied based on the guidelines for both income and asset levels adopted by the local unit of government. These standards are to be made available to the public. Appeals of poverty exemption denials may be brought before the July or December board of review.

# 2005 PROPERTY TAX CALENDAR

This 2005 Property Tax Calendar has been prepared in accordance with all legislation and directives of the Attorney General applicable to 2005 property taxes. The interpretation of these statutes and directives does not constitute a legal opinion but is rather a statement of the facts as the State Tax Commission believes them to be.

It should be noted that the statutory requirement for assessments, before and after county and state equalization, is still 50% of True Cash Value, and that the Constitution still requires that assessments NOT exceed 50% of True Cash Value, before and after county and state equalization. The 2005 assessments will be subject to county and state equalization. After county and state equalization, assessments as equalized become the Taxable Value (Property Tax Base) for every parcel of property subject to the General Property Tax Act that has a transfer of ownership in the prior year as provided by *Michigan Compiled Laws* (MCL) section 211.27a.

Section references are as assigned in the MCL.

## TAX DAY FOR 2005 PROPERTY TAX ASSESSMENTS AND DEADLINE FOR SUBMITTING EQUALIZATION STUDIES USED TO SET THE STARTING BASE FOR 2005 EQUALIZATION

**December 31, 2004** Tax day for 2005 assessments and 2005 property taxes. (Section 211.2, Michigan Compiled Laws (MCL).)

Deadline for counties to file 2004 equalization studies for 2005 starting bases with the State Tax Commission (STC) for all classifications in all units on STC form L-4018. (Administrative Rule R 209.41)

## 2005: SIGNIFICANT 2005 PROPERTY TAX DATES

- February 1** Deadline for counties to file single-year studies with the STC to amend starting base for those units (with classes) experiencing sharply declining real estate markets. Optional, additional single-year equalization studies may be originated by the assessor or by the County Equalization Director. Single-year studies (calendar year 2004) submitted by February 1, 2005 are for 2005 assessment and equalization.
- Deadline for a "qualified business" to submit STC form L-4143 for "qualified personal property" with the assessor (MCL 211.8a).
- February 14** Last day to pay property taxes without the imposition of a late penalty charge equal to 3% of the tax in addition to the property tax administration fee, if any (MCL 211.44).
- February 15** A local unit of government that collects a summer property tax shall defer the collection until this date for property which qualifies. (See MCL 211.51.)
- The STC certifies assessed valuations for Department of Natural Resources (DNR) lands to assessors (MCL 324.2153).
- February 19 is a Saturday  
February 20 is a Sunday  
February 21 is a Holiday  
**February 22** The STC certifies metallic mineral property assessments to assessors before February 20 (February 22 in 2005) (MCL 211.24).
- Deadline for taxpayer filing of personal property statement with assessor (MCL 211.19).
- Deadline for taxpayer to file form 3711 if a claim of exemption is being made for heavy earth-moving equipment. See STC Bulletin No. 4 of 2001.
- Third Monday in February:** Deadline for County Equalization Director to publish in a newspaper the tentative equalization ratios and estimated State Equalized Valuation (SEV) multipliers for 2005 (MCL 211.34a).
- March 1** The STC shall publish the inflation rate before this date (MCL 211.34d).
- March 7** **First Monday in March:** The 2005 assessment roll shall be completed and certified by the assessor (MCL 211.24).

**2005: SIGNIFICANT 2005 PROPERTY TAX DATES (CONTINUED)**

<b>March 8</b>	<p>The assessor shall submit the 2005 assessment roll to the Board of Review (BOR) on the Tuesday following the first Monday in March (MCL 211.29).</p> <p><b>Tuesday following first Monday in March:</b> First meeting of township BOR (MCL 211.29). <b>Note:</b> City BOR may vary according to charter provisions.</p>
<b>March 14</b>	<p><b>Second Monday in March:</b> Second meeting of township BOR which must start not earlier than 9 a.m. and not later than 3 p.m. (MCL 211.30). BOR must meet one additional day during this week. <b>Note:</b> City BOR may vary according to charter provisions. The March BOR has no authority over Homeowner's Principal Residence exemptions.</p> <p><b>2003 PA 194 provides</b> that the governing body of a city or township may authorize an alternative starting date for the second meeting of the March BOR. The alternative starting date can be either the Tuesday or Wednesday following the second Monday in March.</p> <p><b>SEE STC MEMO TO ASSESSORS AND EQUALIZATION DIRECTORS DATED 11-25-03.</b></p> <p>Every BOR shall hold at least three hours of its required sessions during the week of the second Monday in March <b>after 6 p.m.</b></p>
<b>April 1</b>	<p>Separate tax limitations voted after April 1 of any year are not effective until the subsequent year (MCL 211.205i).</p>
<b>April 4</b>	<p><b>First Monday in April:</b> Unless the BOR has concluded earlier, last day for BOR protest of assessed value, taxable value, property classification, or percentage of qualified agricultural property exemption assigned by the assessor and BOR (MCL 211.30a).</p>
<b>Note:</b>	<p>A protest of assessed valuation or taxable valuation or the percentage of Qualified Agricultural Property exemption, subsequent to BOR action, must be filed with the Michigan Tax Tribunal (MTT), <b>in writing on or before June 30</b> at P.O. Box 30232, Lansing, MI 48909. A classification appeal must be filed with the STC <b>in writing on or before June 30 (1996 PA 476)</b> (MCL 211.34c) at P.O. Box 30471, Lansing, MI 48909-7971. A classification appeal does not address value or change the equalization factor for the property for the first year, if the STC changes the class.</p>
<b>April 6</b>	<p>The Township Supervisor or assessor shall deliver completed assessment roll, with BOR certification, to the County Equalization Director <b>not later than the tenth day after adjournment of the BOR or by April 6</b> (the Wednesday following the first Monday in April) whichever date occurs first (MCL 211.30(4)).</p>
<b>Note:</b>	<p>An assessor shall file STC form L-4021 with the County Equalization Department, and STC form L-4022 with the County Equalization Department and the STC, <b>immediately following adjournment of the BOR.</b> STC Administrative Rule R 209.26(10a, 10b). <b>STC form L-4022 must be signed by the assessor.</b></p>
<b>April 12</b>	<p><b>Tuesday following second Monday in April:</b> County Board of Commissioners meets in equalization session (MCL 209.5 and 211.34). The County Equalization Director files a tabular statement of the county equalization adopted by the County Board of Commissioners on <b>STC form L-4024</b> prescribed and furnished by the STC, immediately after adoption. <b>County equalization shall be completed and official report (STC form L-4024) filed with the STC prior to May 2, 2005</b> (first Monday in May).</p>
<b>April 18</b>	<p><b>Third Monday in April:</b> County Equalization Director files separate STC form L-4023 for each unit in the county with the STC no later than April 18 (MCL 211.150), STC Administrative Rule R 209.41(8).</p> <p>Allocation board meets and receives budgets due this day (MCL 211.210).</p>
<b>May 1 is a Sunday</b> <b>May 2</b>	<p>Deadline for filing Homeowner's Principal Residence affidavits (form 2368) for exemption from the 18-mill school operating tax with the local assessor. <b>Note:</b> Denial of a Homeowner's Principal Residence exemption by the local assessor may be appealed by the owner to the Small Claims Division of the MTT within 35 days after the date of the notice of denial.</p>
<b>Note:</b>	<p>Do not confuse the appeal process for the 18-mill school operating "Homeowner's Principal Residence" exemption with the appeal process for the 18-mill school operating exemption for "Qualified Agricultural Property." The "Homeowner's Principal Residence" exemption for either agricultural or residential property is administered by the Michigan Department of Treasury. Property tax questions REGARDING THE "HOMEOWNER'S PRINCIPAL RESIDENCE" EXEMPTION</p>

### 2005: SIGNIFICANT 2005 PROPERTY TAX DATES (CONTINUED)

ONLY may be addressed to the Michigan Department of Treasury at 1-800-487-7000 or 517-636-4320 by telephone or in writing to Michigan Department of Treasury, Homeowner's Principal Residence Exemption Unit, P.O. Box 30440, Lansing, MI 48909.

May 2 is also the deadline for filing the Farmland affidavit (form 2599) with the local assessor if the property is NOT classified agricultural or if the assessor asks an owner to file it to determine whether the property includes structures that are not exempt.

The exemption for "Qualified Agricultural Property" (those exempt agricultural properties not claiming a "Homeowner's Principal Residence" exemption), is administered by the State Tax Commission. A taxpayer may appeal the denial by the assessor of a "Qualified Agricultural Property" exemption to the March BOR and, if not satisfied, then to the MTT, in writing, by June 30, 2005 in the same manner as other property tax exemptions, except the "Homeowner's Principal Residence" exemption.

<b>May 2 *</b>	<b>First Monday in May:</b> Deadline for filing official County Board of Commissioners report of county equalization ( <b>L-4024</b> ) with the STC (MCL 209.5). Appeal from county equalization to the MTT must be filed within 30 days after the adoption of the county equalization report by the County Board of Commissioners (MCL 205.735).
*	<b>First Monday in May:</b> Deadline for assessor to file tabulation of Taxable Valuations for each classification of property with the County Equalization Director on STC form L-4025 to be used in "Headlee" calculations. Taxable Value replaces State Equalized Value for purposes of MCL 211.34d calculations. Prior to 1995, SEVs were used on this form, now Taxable Valuations are required (MCL 211.34d(2)).
<b>May 9</b>	<b>Second Monday in May:</b> Preliminary state equalization valuation recommendations presented by the Property Tax Division staff to the STC (MCL 209.2).
May 15 is a Sunday <b>May 16</b>	Not later than this date, the State must have prepared an annual assessment roll for the state-assessed properties such as telephone companies and railroads (MCL 207.9).
	<b>Third Monday in May:</b> County allocation boards must issue preliminary order (MCL 211.215).
*	<b>Third Monday in May:</b> STC form L-4028, pertaining to millage reduction fractions, must be completed by County Equalization Director with all information available within each single county. Copy of STC form L-4028 is filed with the STC and with the director of the equalization department in each county which shares inter-county taxing jurisdictions.
<b>May 23</b>	<b>Fourth Monday in May:</b> State Equalization Proceeding—final state equalization order is issued by the STC (MCL 209.4).
<b>May 27</b>	<b>Friday after fourth Monday in May:</b> If, as a result of state equalization, the taxable value of property changes, the assessing officer of each township or city shall revise the millage reduction fractions by this date (MCL 211.34d(2)).
May 28 is a Saturday May 29 is a Sunday May 30 is a Holiday <b>May 31</b>	Last day for Allocation Board Hearing (not less than eight days or more than 12 days after issuance of preliminary order) (MCL 211.215).
<b>June 6</b>	<b>First Monday in June:</b> Deadline for notifying protesting taxpayer in writing of BOR action (MCL 211.30).
*	County Equalization Director calculates current year millage reduction fractions including those for inter-county taxing jurisdictions. The completed, verified STC form L-4028 IC is filed with the County Treasurer and the STC on or before the first Monday in June (MCL 211.34d(3)).
<b>June 13</b>	Allocation Board must issue final order not later than the second Monday in June (MCL 211.216).
<b>MTT Note:</b>	Appeal from millage allocation to the MTT must be filed within 30 days after issuance of the final order (MCL 205.735).
<b>June 13 *</b>	County Treasurer on or before the second Monday in June certifies taxable values from prior year and current year and the current year's additions and losses and the current year's millage reduction fraction for each unit of local government (MCL 211.34d(4)).

# **HOMESTEAD PROPERTY TAX RELIEF**

In 1973, the Michigan Legislature enacted the Homestead Property Tax Credit Act. The initial provisions of 1973 PA 20 were subsequently amended and expanded to provide a means for Michigan taxpayers to link property tax to household income in an effort to make the overall tax system more equitable.

Also known as the “circuit breaker,” this program has provided nearly \$15.5 billion in relief from property taxes to Michigan homeowners and renters since it was implemented 30 years ago. In 2003, for example, nearly 1.4 million eligible Michigan homeowners and renters received credits averaging approximately \$498 from this program, for a total of about \$683 million in property tax relief.

The homestead property tax credit is a device through which taxpayers can receive a tax credit for an amount of their property tax which exceeds a certain percentage of their household income for that year. This program establishes the following categories under which homeowners or renters are eligible for a homestead property tax credit:

1. Citizens age 65 and older and the surviving spouses of senior citizens. A claimant or spouse must be age 65 by December 31 of the tax year for which they are filing.
2. Paraplegic, hemiplegic, and quadriplegic persons.
3. Deaf and totally and permanently disabled persons who are not over age 65.
4. Eligible veterans, active military personnel, blind persons, and the surviving spouses of veterans.
5. All other homeowners and renters.

Under this program, a credit/refund for property taxes paid is determined by placing homeowners and renters into one of the categories listed above and then relating their property taxes or percent of rent paid to their household income. Individuals must have resided in Michigan for at least six months of the immediately preceding year in which they are applying for a credit.

## **GENERAL PROVISIONS**

Homeowners and renters who do not qualify for consideration under one of the special categories are granted a credit against their state income tax equal to 60% of the amount by which their property taxes exceed 3.5% of their household income. In lieu of property taxes paid by the homeowner, renters will base their claim on 20% of their yearly rent. If there is no income tax due or if the property tax credit exceeds the income tax, a refund will be made. The credit cannot exceed \$1,200.

Since the 1982 tax year, there has been a phaseout of the property tax credit for taxpayers whose household income exceeded a certain amount. Your credit is reduced by 10% for each \$1,000 or part of \$1,000 by which household income is greater than \$73,650. If your household income is \$82,650 or more, you are not entitled to a property tax credit.

Persons whose household income consisted totally of Family Independence Program (FIP) assistance or Family Independence Agency (FIA) benefits are not eligible for a property tax credit. For persons who received a part of their income from these programs, their credit will be reduced by the percentage which their total household income was composed of FIP or FIA benefits. This reduction shall not exceed the total of FIP or FIA payments received during that year.

In calculating this credit, individuals must exclude from their total FIP benefits for the year the amount of any child support payments paid to the Friend of the Court which offset or reduced their FIP benefits.

## A TAXPAYER'S GUIDE

For example, if 60% of your total household income was from FIP benefits less any applicable child support payments and 40% was from wages and child support, your actual credit would be 40% of the property tax credit calculated before proration.

The following is an example of how a regular credit would be figured: Mr. and Mrs. Smith's household income was \$15,000. Their property tax was \$700. The credit is computed by multiplying the household income (\$15,000) by a fixed 3.5%. If the property tax is more than 3.5% of the household income, the excess is multiplied by 60% to determine the credit, as follows:

$$\$15,000 \times 3.5\% = \$525; \$700 - \$525 = \$175 \times 60\% = \text{credit of } \$105$$

### Other examples include:

2004 Household Income	2004 Property Tax	3.5% of 2004 Household Income	Excess: Property Tax Minus 3.5% of Income	Amount of Credit or Refund (60% of Excess)
\$7,500	\$500	\$262.50	\$237.50	\$142.50
\$10,000	\$1,000	\$350.00	\$650.00	\$390.00
\$20,000	\$1,500	\$700.00	\$800.00	\$480.00
\$25,000	\$850	\$875.00	*	\$0*

\* In this example, because the taxpayer's property tax payment for the year was less than 3.5% of household income, the taxpayer is not eligible for a credit.

## SENIOR CITIZENS AND DEAF, DISABLED, PARAPLEGIC, HEMIPLEGIC, OR QUADRIPLÉGIC PERSONS

A senior citizen is defined as a person 65 years old or older and, for 2004, a husband and wife are eligible if either has reached the age of 65 on or before December 31, 2004. The definition also includes the unmarried surviving spouse of a person who died after reaching the age of 65. Totally and permanently disabled persons are defined as such by the United States Social Security Administration.

The property tax relief available to low-income persons in this category is much greater than the allowance granted to other taxpayers. If the household income is \$3,000 or less, then 100% of the property tax is refundable.

Senior citizens and deaf, disabled, paraplegic, hemiplegic, or quadriplegic persons with household incomes of more than \$3,000 receive a credit or a refund for all of their property taxes above the percentage of their household income as shown in the following chart.

2004 Household Income	Percentage of Household Income Not Refundable
Not over \$3,000	0%
\$3,001 - \$4,000	1.0%
\$4,001 - \$5,000	2.0%
\$5,001 - \$6,000	3.0%
\$6,001 and over	3.5%

For example: Mr. and Mrs. Jones are senior citizens whose household income was \$5,400. They were billed \$500 for property taxes. The credit is computed by first multiplying their household income (\$5,400) by the percentage not refundable (3%) and then taking the difference between 3% of income and the amount of taxes paid.

$$\$5,400 \times 3\% = \$162; \$500 - \$162 = \text{credit of } \$338$$

**Other examples for senior citizens are:**

<b>2004 Household Income</b>	<b>2004 Property Taxes Paid</b>	<b>Percentage of Household Income Not Refundable</b>	<b>Amount of Tax Which Must Be Paid</b>	<b>Amount of Credit or Refund</b>
\$3,500	\$500	1.0%	\$ 35.00	\$465.00
\$4,500	\$650	2.0%	\$ 90.00	\$560.00
\$6,500	\$800	3.5%	\$227.50	\$572.50

A senior citizen who rents should substitute 20% of yearly rent for property taxes paid during the 2004 tax year in the above computation. However, senior citizens whose rent is more than 40% of their household income may get a bigger credit using an alternative credit computed by subtracting 40% of their household income from their rent. Disabled persons are not eligible for the alternative computation.

Senior citizens who rent should calculate their credit using both the standard and alternative formulas, and claim the larger credit. However, the maximum property tax credit for all taxpayers cannot exceed \$1,200.

## **BLIND PERSONS**

All blind persons who are homeowners are eligible for property tax credit benefits. If the taxable value of the claimant's homestead is \$3,500 or less, then 100% of the property tax is refunded. If the taxable value is more than \$3,500, the credit/refund is equal to the percentage relationship between \$3,500 and the taxable value. The taxable value appears on your tax bill.

For example: Taxable Value: \$10,500 Property Tax Paid: \$480

Percent of taxes refundable =  $33.33\% (.3333) \times \$480 = \text{credit of } \$160$

Note: If both husband and wife are blind, the allowance is \$7,000.

Blind persons also qualify as totally and permanently disabled and may be entitled to a larger credit under that category. Blind persons who rent may claim a credit only under the totally and permanently disabled category. Homeowners who are blind will use Michigan Department of Treasury form MI-1040CR-2 to file for a credit. Renters who are blind will use the form MI-1040CR to file for a credit.

## **VETERANS, ACTIVE MILITARY PERSONNEL, OR THE SURVIVING SPOUSE OF A VETERAN**

If you are a Michigan homeowner and qualify as active military personnel, a veteran, or the surviving spouse of a deceased veteran under one of the veteran status classifications, you may be eligible for a related homestead property tax credit. Unless you have a service-connected disability or are the surviving spouse of a person with a service-connected disability or of a veteran deceased while in service, your household income may not exceed \$7,500.

## A TAXPAYER'S GUIDE

It is possible that persons qualifying under this category are entitled to a larger credit as a senior citizen, general taxpayer, or as a totally and permanently disabled person. Such claims are based on household income instead of a taxable value allowance. You should calculate your credit under all the categories you qualify for and claim the one providing the largest credit.

Veterans Status and Value Allowance		
Filing Status	Percentage of Disability	Taxable Value Allowance
A. Veteran (or surviving spouse) with service-connected disability	10% - 50%	\$3,500
	60% - 80%	\$4,000
	90% - 100%	\$4,500
B. Veteran of wars before World War I, pensioned veteran or surviving spouse, or active military personnel		\$3,500
C. Surviving spouse of a nondisabled or nonpensioned veteran		\$2,500
D. Surviving spouse of veteran deceased while in service		\$4,500

If you are eligible to file form MI-1040CR-2, your tax credit is based upon the taxable value allowance: taxable value ratio which was explained in the section regarding blind property taxpayers.

For example:

You are a veteran with a 10% disability. Your home has a taxable value of \$10,500, with property taxes of \$525. As a disabled veteran, you have a taxable value allowance of \$3,500.

The credit is computed as follows:

$$\text{Percent of taxes refundable} = 33.33\% (.3333) \times \$525 = \text{credit of } \$175$$

Eligible military personnel, veterans, and their surviving spouses who rent a homestead are entitled to a credit that is computed in a manner similar to the credit allowed those who own their home. The taxable value of a rented homestead is determined by dividing the taxes in rent (20% of rent paid in the 2004 tax year) by the property tax rate of the homestead being rented. The property tax rate can be determined by contacting your local assessor.

# QUESTIONS AND ANSWERS

## WHAT IS HOUSEHOLD INCOME?

For determining your homestead property tax credit and home heating credit, household income includes all income subject to the federal income tax, plus all other income specifically exempted by the federal income tax law.

The following are the more common forms of income not subject to the federal income tax which must be included in household income for purposes of computing a refund or credit:

- ☐ 1. Social Security and railroad retirement benefits.
- ☐ 2. Veterans pensions and disability payments.
- ☐ 3. Other pensions and annuities.
- ☐ 4. Interest on state and local obligations.
- ☐ 5. Worker's compensation benefits.
- ☐ 6. Cash public assistance and other payments on your behalf (FIP or FIA benefits).
- ☐ 7. Child support payments.
- ☐ 8. Gifts in cash or kind in excess of \$300.
- ☐ 9. Sick pay.
- ☐ 10. Scholarship, stipend, grant, or GI bill benefits.
- ☐ 11. Compensation for damages to character or personal injury or sickness.
- ☐ 12. An inheritance, other than an inheritance from your spouse.
- ☐ 13. Proceeds of a life insurance policy paid on the death of the insured, other than a policy on your spouse.
- ☐ 14. Reimbursements from dependent care and/or medical care spending accounts.

Not included are the following:

- ☐ 1. Amounts received from a governmental unit for repair or improvement of your homestead.
- ☐ 2. Surplus foods.
- ☐ 3. Chore service payments (such payments are income to the provider but not to the person receiving the benefits).
- ☐ 4. State and local income tax refunds, including homestead property tax credits (farmland preservation tax credits or refunds must be included in household income).
- ☐ 5. Amounts deducted from Social Security or railroad retirement benefits for Medicare premiums.

## A TAXPAYER'S GUIDE

---

- ☐ 6. Health, life, and accident insurance premiums paid by your employer.
- ☐ 7. The first \$300 of income from gambling, bingo, lottery, or prizes and awards.
- ☐ 8. Energy assistance grants and energy assistance tax credits.
- ☐ 9. The first \$300 in gifts, cash, or expenses paid on your behalf by a family member or friend.
- ☐ 10. Government payments to a third party, such as your doctor.
- ☐ 11. Stipends received by a person 60 years of age or older for acting as a foster grandparent or a senior companion.
- ☐ 12. Loan proceeds.
- ☐ 13. Inheritance from a spouse.
- ☐ 14. Life insurance benefits from a spouse.

Taxpayers may reduce household income by subtracting:

- ☐ 1. Federal adjustments to income, including:
  - Educator expenses.
  - Certain business expenses of reservists, performing artists, and fee-based government officials.
  - IRA, SEP, SIMPLE, or Keogh plan deductions.
  - Student loan interest deductions.
  - Moving expenses into or within Michigan.
  - Deductions of self-employment tax.
  - Self-employment health insurance deductions.
  - Tuition and fees.
  - Penalties on early withdrawal of savings.
  - Alimony paid.
  - Medical savings account deductions.
- ☐ 2. Medical insurance or HMO premiums you paid for yourself and your family (not Medicare), including medical insurance premiums paid through payroll deduction.

## WHAT CONSTITUTES A HOMESTEAD?

The term homestead means the place where you live, whether it is owned or rented, and includes a mobile home or lot in a trailer park. You may have only one homestead at any given time, and you must be the occupant of the property for it to be your homestead. To qualify for a credit, your homestead must be in Michigan. A vacation or income property you own does not qualify as your homestead.

## WHAT KINDS OF PROPERTY TAXES ARE ELIGIBLE FOR CREDIT?

The property taxes you may claim for your 2004 credit are the property taxes on your principal residence for which you were billed in 2004, regardless of when you paid them. An administration fee of 1% or less may be included, but not penalties or interest. Special assessments may be included only if they are based on taxable value and either applied to the entire taxing jurisdiction, or are levied for police, fire, or advanced life support in an entire township except for the village portion of a township.

Real property classified as agricultural land for property tax purposes is part of a person's homestead under any of the following conditions:

1. If the gross receipts from the taxpayer's agricultural or horticultural operations are greater than household income, all property taxes on the farmland adjacent and contiguous to the taxpayer's home, including taxes on unoccupied farmland, may be claimed for credit.
2. If gross receipts from the taxpayer's agricultural or horticultural operations are less than household income and the taxpayer has lived in his or her home for more than ten years, the credit for property taxes is available for the property taxes on the home and on land lived on which is adjacent or contiguous to the home. If a taxpayer in this category has not lived on the land for ten years, then only the taxes on the home and five acres of adjacent and contiguous land may be claimed for credit.

Persons living in a mobile home park may claim credit on the \$3.00 per month specific tax on trailer lots and 20% of lot rental. Renters of housing subject to local property taxes should use 20% of rent paid in lieu of property taxes in the computation of the credit.

If you are a renter of tax-exempt housing which pays service fees instead of property taxes to the municipality in which you live, you should use 10% of your rent in calculating your property tax credit.

If you are a permanent occupant of a nursing home, foster care home, or home for the aged that is subject to property taxes, you may consider the facility as your homestead. You may use the allocated share of the property taxes levied on the facility as taxes eligible for credit. Your manager should be able to tell you what your allocated share is. If your facility care charges are paid directly to the facility by a government agency, only that portion of the charges paid by you that are equal to or in excess of the allocable share of property taxes may be used in calculating the credit.

Property taxes on a homestead that is bought or sold during the year must be prorated according to the number of days occupied, regardless of any agreement entered into by the parties involved as to who shall pay the taxes. For example: if the 2004 taxes on the home you sold on June 30 amounted to \$600 for the entire year, you may use \$300 as taxes eligible for credit.

## **HOW TO APPLY FOR A REFUND**

Tax refunds can be obtained by filing the tax credit claim form MI-1040CR for general claimants, senior citizens, totally and permanently disabled persons, and for persons who are either paraplegic, hemiplegic, or quadriplegic. Please remember to include information concerning the taxable value of your homestead on the proper line of your tax form to help assure the prompt processing of your claim. Active military personnel, eligible veterans or their surviving spouses, and blind persons file form MI-1040CR-2 if it gives them a bigger credit than from form MI-1040CR. All individuals claiming a refund should file their claim with their Michigan income tax return. Your 2004 Michigan income tax return must be filed by April 15, 2005.

The period for amending your claim for homestead property tax credit is four years from the date set for filing the original claim. If you do not have to file a Michigan income tax return, but are eligible for property tax relief, you should file your claim as soon as you know the amount of your 2004 homestead property taxes and household income. The Michigan Department of Treasury will send you the refund to which you are entitled.

If you have any questions about the homestead property tax relief program or about completing any state income tax forms, see the "Michigan Tele-Help System" section discussed on the inside back cover of this booklet.

# FARMLAND AND OPEN SPACE TAX RELIEF

In 1974, the Michigan Legislature passed and the Governor signed into law 1974 PA 116—the Farmland and Open Space Preservation Act—to alleviate the rapid and often premature conversion of land, uniquely suited for agriculture and open space, to more intensive uses. This law, which is now Part 361 of the Natural Resources and Environmental Protection Act, enables a landowner to voluntarily enter into a developmental rights agreement or a developmental rights easement with the state.

These agreements or easements, which are legally recorded documents, ensure that enrolled lands (active farmland or certain open space lands are eligible) remain in a particular use for an agreed upon period of time. Initial development rights agreements or easements are subject to a term of not less than ten years; however, those entered into after June 5, 1996 may have a term of up to 90 years. In return for maintaining the land in a particular use, the landowner is entitled to certain tax benefits. Legislation enacted in 1995 (1995 PA 59 as subsequently amended), however, permits, upon payment of a portion of the credit, the withdrawal of all or a portion of the property subject to a development rights agreement under certain circumstances.

The tax benefits afforded to landowners participating under this program were tempered somewhat in recent years by the tax benefits associated with 1994 Proposal A. In 2001, however, these benefits were significantly increased. Under 2000 PA 421, benefits fall into the following three categories:

1. Lands that qualify and are approved under the farmland or open space provisions of the law are exempt from special assessments for sanitary sewers, water, lights, or nonfarm drainage, except for years before 1995 as to a dwelling or nonfarm structure located on the land, unless the assessments were imposed before enrollment in the program;
2. Under a farmland development rights agreement, the landowner is entitled to claim as a credit against state income tax liability the amount by which the farmland property taxes on land and structures restricted by such agreements exceed 3.5% of household income. This credit is in addition to a homestead property tax credit which the landowner may claim on the state income tax return; and
3. For those lands under an open space easement, development rights held by the state or local governing body are exempt from ad valorem taxes.

To be eligible, the agricultural land must be actively farmed and must generally meet one of the following qualifications: be 40 acres in size or larger; five to 40 acres in size with a minimum per acre gross income of \$200 per year; or a Department of Agriculture-designated “specialty farm” with a minimum gross annual income of \$2,000. At least 51% of the land must be primarily devoted to an agricultural use, except for specialty farms.

Open space land is divided into two categories, but in both cases the land must be undeveloped. The first category involves historic, riverfront, or shoreland areas and requires that, to be eligible, the land must meet one of the following criteria: be registered as an historic site by appropriate state or federal action; be lands adjacent to a state-designated natural river under Part 305 of the Natural Resources and Environmental Protection Act; or be designated as an environmental area under Part 323 of the Natural Resources and Environmental Protection Act. The second category of open space land is more general and is meant to provide a tool for local units of government to protect local open space lands. Requirements for eligibility include that the land conserve natural or scenic resources; enhance recreational opportunities;

preserve historic sites; or preserve idle potential farmland of not less than 40 acres in size. The idle potential farmland class is the only one under the open space categories which has an acreage requirement.

Landowners eligible to apply for a farmland preservation tax credit and who are required to file a Michigan income tax return must complete and attach Michigan Department of Treasury form MI-1040CR-5 to their state income tax returns. Individuals applying for this credit must include with their application a copy of a receipt showing payment of property taxes for the year for which the credit is being claimed or the prior year. If a copy of the receipt is not included, the Michigan Department of Treasury will issue the check made out to the claimant and the county treasurer in the county in which the claimant's property is located. The money will first be used for payment of the taxpayer's property taxes, interest, penalties, and tax administration fees. Any money remaining will be returned to the claimant.

A law passed in 1988 (1988 PA 423) provides that, beginning with the 1984 tax year, certain taxpayers who were partners in partnerships, shareholders in S corporations, holders of property under a life lease, or owners of a trust can claim the Farmland Preservation Credit. Moreover, pursuant to 1996 PA 233, members of limited liability companies are also eligible for the credit. Under the provisions of 1991 PA 89, shareholders in S corporations are permitted to claim a farmland and open space credit under the single business tax. Previously, shareholders were required to file for the credit under the state income tax. The Department of Treasury is allowed to require individuals applying for the credit to furnish the department with a copy of a tax return and supporting schedules filed under the IRS code.

Like the homestead property tax credit, this tax credit is based on household income. The property taxes you may claim for your 2004 credit are those taxes billed for 2004. Approximately \$32 million was paid in 2003 to about 9,200 eligible taxpayers. Those who are eligible for this tax credit should receive copies of the MI-1040CR-5 form in the mail from the Michigan Department of Treasury. Taxpayers filing the MI-1040CR-5 may now be eligible to e-file, if the percentage of ownership is not split.

# MICHIGAN INCOME TAX

The Michigan individual income tax was first adopted in 1967. It is a direct flat-rate tax on the federal adjusted gross income of individuals, estates, and trusts. Interest income from obligations or securities of states and their political subdivisions other than Michigan is also subject to the state income tax. Adjustments are made with respect to estate or trust income. The Michigan income tax rate has been lowered to 3.9%. For the 2004 tax year, the tax will be based on a blended rate of 3.95%. The rate was reduced from 4.6% to 4.4% effective May 1, 1994. Legislation enacted in 1999 (1999 PAs 2, 3, 6, 4, and 5, respectively) as amended by 2000 PA 40, lowered the state income tax rate to 4.2% for the 2000 and 2001 tax years, 4.1% for the 2002 tax year, 4.0% for the 2003 tax year, and 3.9% beginning July 1, 2004.

Legislation enacted in 2004 (2004 PA 199) allows U.S. military personnel, serving in a combat zone on April 15, up to 180 days after leaving the combat zone to file their tax returns. This extension mirrors the one provided by the federal income tax.

## DIRECT DEPOSIT OF REFUND

Electronic, or E- filing allows you to file your income tax returns by computer instead of mailing paper returns. Safe and convenient, E-filing generally allows you to receive your refund much quicker than paper filing. You may E-file yourself using commercially available software or online services. You may also use a commercial tax preparer. Some taxpayers are eligible for free E-filing services.

You may E-file both your state and federal forms, or you may wish to E-file your Michigan return separately. You may even file your homestead property tax credit and/or your home heating credit claims separately. Amended returns, fiscal year returns, and returns for prior years may not be E-filed.

Most taxpayers have the option of having their income tax refund deposited directly into their bank accounts. To have your refund deposited directly into the U.S. financial institution of your choice, complete the direct deposit portion of your MI-1040, MI-1040CR, MI-1040CR-2, or MI-1040CR-9. You may also attach a Direct Deposit of Refund form 3174 to your MI-1040 tax form. Do not request direct deposit if you are filing a home heating credit claim from which an energy draft will be issued.

Some taxpayers may not be eligible for direct deposit. If for some reason the Department of Treasury cannot deposit your refund directly, they will send you a check. When requesting direct deposit, be sure that your financial institution will accept direct deposit, that the name(s) on the return match the name(s) on the bank account, and that your account number and routing transit number are correct.

## STATE INCOME TAX DEDUCTIONS

Taxpayers are allowed to subtract from adjusted gross income a number of deductions. These include \$3,100 for each personal and dependency exemption. A taxpayer who is age 65 or older is allowed an additional exemption of \$2,000. A \$2,000 special exemption is also available for a taxpayer who is deaf, paraplegic, quadriplegic, hemiplegic, totally and permanently disabled, or blind. A taxpayer may claim the special exemptions for dependents who qualify for the exemption. A taxpayer whose state income tax return includes unemployment compensation that amounts to 50% or more of adjusted gross income is also allowed an additional \$2,000 exemption. If you claim the 65 or older exemption, you may NOT claim an exemption as totally and permanently disabled. Although a portion of Social Security benefits of individuals at certain income levels are taxable by the federal government, Michigan taxpayers can deduct from adjusted gross income the amount of any Social Security benefits received for the year which are included in federal adjusted gross income.

Any persons eligible to be claimed as a dependent on someone else's tax return, and whose adjusted gross income is more than \$1,500 (\$3,000 if filing jointly), may claim a \$1,500 (\$3,000 if married and each can be claimed as dependents, or \$4,600 if only one can be claimed as a dependent) personal exemption on their own return. This applies whether or not the other person claims the dependent exemption. If a dependent's income is \$1,500 or less (\$3,000 if filing jointly), that person need not file a return unless claiming a refund of withholding. The Child Care Act of 1997 created a new child deduction for the 1998 tax year and beyond. The child deduction was revised for the 2000 tax year and beyond. Taxpayers with dependents 18 years of age or younger on December 31, 2004 may deduct \$600 per child.

Interest income from federal government obligations and all pension benefits received from a Michigan or U.S. government public retirement system may also be subtracted from adjusted gross income. Pension or retirement benefits from a private pension are deductible to a maximum of \$38,550 (\$77,110 on a joint return). These figures are adjusted annually by the U.S. Consumer Price Index. The amount of this deduction is reduced by the amount of any public or military pension benefits deducted.

The deduction for the dividend, interest, and capital gain income of senior citizens has increased. For the 2004 tax year, this deduction has been increased to \$8,595 (\$17,190 on a joint return). The maximum amount of this deduction is reduced by the amount of a deduction taken for retirement or pension benefits. This deduction is adjusted annually by the U.S. Consumer Price Index.

In addition, deductions may be taken for armed forces compensation, income from an out-of-state business or rental income from out-of-state property, any refund of state or city income tax that is included as income on federal Income Tax Form 1040, and political contributions up to a maximum of \$50 per year for an individual or \$100 per year on a joint return.

Michigan taxpayers who bought a Michigan Education Trust contract are entitled to deduct the full amount of the contract from their income in the year of purchase. If a loan was taken out to purchase the contract, a deduction can still be made for the full amount paid for the contract, but not for any interest paid on the loan. A taxpayer may also claim a deduction for contributions made to an education savings account established under the Michigan Education Savings Program (MESP). The deduction for annual contributions is limited to \$5,000 (\$10,000 on a joint return).

Qualified taxpayers who are residents in a renaissance zone may also deduct income earned or received while residents of a Michigan renaissance zone. If you are a resident in a renaissance zone for at least 183 consecutive days and meet other qualifications, you may be exempt from paying state and city income tax, and property taxes (except debt and sinking fund mills). A deduction is also available for money and interest resulting from a settlement of claims for Holocaust victims. The deduction is retroactive to the 1994 tax year.

2000 PA 400 created an income tax deduction for charitable contributions made from distributions from pensions or IRAs. The act sets the deduction at the amount deductible on the taxpayer's federal return, minus both the amount of the state deduction for retirement or pension benefits and two times the amount of the state public contribution, homeless shelter/food bank, and community foundation credits claimed by the taxpayer. To qualify, payment to the charity must occur within 60 days of receiving the distribution.

STATE INCOME TAX CREDITS

In addition to the homestead property tax credit program (discussed on page 15) and the farmland and open space preservation tax credit (discussed on page 22), Michigan taxpayers are allowed many different types of credits against their personal income tax liability, chief of which is the home heating credit. A specific section that follows will be devoted to the home heating credit.

Other types of credits against personal income tax liability include allowances for income taxes paid to other states (except reciprocal states), political subdivisions of other states, the District of Columbia, Canadian provinces, or Michigan cities.

The Canadian provincial credit is allowed only for that portion of the provincial tax not claimed on the individual's United States income tax return. In determining this credit, you may not use any Canadian provincial tax carried forward from previous years.

If you pay a city income tax in Michigan, you may claim a portion of the tax as a credit against your state income tax liability. The city income tax credit is computed as follows:

City Income Tax Credit Computation	
Tax Paid	Credit
\$100 or less. . . . .	20% of the city income taxes paid
\$101 - \$150. . . . .	\$20.00 plus 10% of the excess over \$100.00
\$151 or more. . . . .	\$25.00 plus 5% of the excess over \$150.00
The total credit cannot be more than \$10,000.00.	

Michigan taxpayers are permitted a public contribution credit for gifts of money or artwork created by the taxpayer if given to Michigan colleges and universities and their fund-raising organizations, the Michigan Colleges Foundation, the State Art in Public Places Fund, the State of Michigan Museum, public libraries, or public broadcasting stations. A taxpayer may also claim a credit for gifts of money or any artwork to a Michigan municipality or a nonprofit corporation affiliated with a Michigan municipality and an art institute in that municipality to benefit an art institute. Artwork created by the taxpayer qualifies for credit if given to the state of Michigan or a Michigan municipality for public display. Finally, gifts of money or artwork created by the taxpayer qualify for credit if given to the state of Michigan for the preservation of state archives. The amount of the credit permitted for a public contribution is 50% of the contribution up to \$100 (\$200 on a joint return).

Michigan taxpayers are eligible for a nonrefundable historic preservation tax credit. The credit is available for owners or long-term lessees of qualified historic resources and is equal to up to 25% of certain expenses incurred in the rehabilitation of the qualified historic resource. To be eligible, the rehabilitation project must be certified by the State Historic Preservation Office.

The community foundations tax credit covers contributions made during the tax year to endowment funds of certified community foundations. The nonrefundable credit is limited to 50% of the total charitable contributions up to \$100 (\$200 on a joint return). A list of certified foundations is included in the income tax booklet and on page 39 in this booklet. You must enter the proper code to receive your credit.

An additional credit is available for cash contributions to shelters for homeless persons, food kitchens, food banks, or other entities whose primary purpose is to provide overnight accommodation, food, or meals to persons who are indigent. This nonrefundable homeless credit is 50% of the cash contributed by the taxpayer not to exceed \$100 for a taxpayer filing singly or \$200 for a husband and wife filing a joint return.

To be eligible, the contribution must be in cash (U.S. currency, personal check, money order, or credit card); it must be made to an organization located in Michigan whose primary purpose is the delivery of food, meals, or shelter to indigent persons; and the contribution must be tax deductible for the donor under the federal Internal Revenue Code.

2004 PA 313 and created a new, nonrefundable credit for vehicle donations. The credit is equal to 50% of the fair market value of an automobile donated to a charitable organization that intends to give the automobile to a qualified individual for employment-related transportation. The credit may not exceed \$50 (\$100 for a husband and wife filing a joint return).

The public contribution credit, community foundation credit, and the homeless credit are computed separately. A taxpayer filing singly who donates a qualified vehicle valued in excess of \$200, and contributes \$200 to a public broadcast system, \$200 to a certified community foundation, and \$200 to an eligible shelter, for example, may claim a \$50 vehicle donation credit, a \$100 public contributions credit, a \$100 community foundation credit, and a \$100 homeless credit on his or her income tax return.

1995 PA 7 created a nonrefundable credit for uniformly required fees and tuition paid to a "qualified" state institution of higher learning. To be eligible, the claimant must have an adjusted gross income of \$200,000 or less and be a resident of the state. The amount of credit is limited to 8% of undergraduate tuition and fees paid up to \$375 per student per year. The credit is limited to four tax years for each student. To be qualified, an institution of higher learning must, among other factors, pledge to keep the increase in its tuition rates to not more than the annual percentage increase in the U.S. Consumer Price Index. The credit is not available to students attending an institution providing programs solely for sectarian instruction or religious worship. The following colleges and universities have been certified as institutions for which the 2004 credit is available:

In addition to the preceding section on the homestead property tax credit program, the individual section on home heating credits which follows has been singled out for particular attention because of its importance to state taxpayers. The largest of these credits, however, is the homestead property tax credit, a system of refunds and credits for local property taxes under which approximately \$683 million was returned in 2003 to Michigan citizens whose property taxes or rent took up a large proportion of their

household income. The home heating credit was added in 1978, paying out approximately \$68.9 million to low-income families and to senior citizens in 2003.

The home heating credit program is designed to provide assistance to people in relation to their ability to meet their own property taxes and home heating costs. The measurement of that ability is called “household income.”

Household income, which is discussed on page 19 of this booklet, includes almost all income available to the household for the year. In addition to earned income, it includes such things as Social Security and pension benefits, unemployment compensation, and cash public assistance. A further description of individual credit programs will follow.

In 2000, Public Act 394 created a new income tax credit for eligible adoption expenses. Taxpayers may now claim a credit for qualified adoption expenses in excess of the federal credit or \$1,200, whichever is less.

### **MILITARY FAMILY RELIEF FUND**

The Military Family Relief Fund check-off program was created by 2004 PA 363. Taxpayers may donate \$1 or more to the fund, which provides up to \$2,000 in assistance to needy families of Michigan military personnel serving in active duty. A portion of the fund is also dedicated to the Michigan Soldiers' Home.

### **CHILDREN'S TRUST FUND**

In years past, an individual entitled to a state income tax refund could designate a donation to the Children's Trust Fund, to be used for efforts to prevent child abuse and neglect.

Although the check-off program is no longer on the income tax form, any taxpayer may purchase a Children's Trust Fund specialty license plate or make a contribution of any amount to this fund. Make a donation by credit card or check to: The Children's Trust Fund, P.O. Box 30037, Lansing, MI 48909.

### **NONGAME WILDLIFE FUND**

1983 PA 189 initiated an income tax check-off program allowing taxpayers to designate any amount to be credited to the State of Michigan Nongame Fish and Wildlife Fund.

Although the check-off program is no longer on the income tax form, a taxpayer may purchase a wildlife habitat specialty license plate, or continue to make a contribution of any amount to this fund to help support the research and management of nongame wildlife. You may make a direct contribution with a check payable to the State of Michigan—Nongame Wildlife Fund. The address for contributions is Cashier's Office, Michigan Department of Natural Resources, P.O. Box 30451, Lansing, MI 48909-7951.

## HOME HEATING CREDITS

In 1978, the Michigan Legislature enacted a one-year program to help individuals meet some of the rising costs for heating their homes. The Home Heating Assistance Program was extended by 1979 PA 126 for the 1979 and 1980 tax years and by 1981 PA 152 for tax years 1981 through 1983.

Since 1984, this program has been extended and modified on several occasions, most recently by 2001 PA 169. This law extended the credit indefinitely, contingent on federal low-income home heating energy assistance. This program gives low-income persons the opportunity to claim a credit against their state income tax for part of their home heating costs. In 2003, approximately \$68.9 million in tax credits were claimed by 335,900 low-income families, for an average credit of about \$205.03.

People who live in a nursing home, an adult foster care home, a home for the aged, or a substance abuse center are not eligible for this tax credit. You also are not eligible if you are a full-time student and are claimed as a dependent by another.

There are two methods available for computing a home heating credit: the standard method and, for individuals with very low incomes and high heating costs, an alternative formula. In calculating your credit using the standard method, the amount of the home heating tax credit is determined by first figuring the amount of your household income and the number of exemptions you can claim. Then, use the following table to find the standard allowance (the maximum credit permitted) for your total exemptions claimed. The figure on the right of the table (income ceiling) shows the maximum income which can be earned to be eligible for the credit.

<b>Standard Allowances</b>		
<b>Your Exemptions</b>	<b>Standard Allowance</b>	<b>2004 Income Ceiling</b>
0 or 1	\$359	\$10,257
2	\$482	\$13,771
3	\$604	\$17,257
4	\$727	\$20,771
5	\$849	\$24,257
6 or more	\$972	\$27,771
	+ \$122 for each exemption over 6	+ \$3,498 for each exemption over 6

Across from your number of exemptions is your standard allowance. Your credit is your standard allowance minus 3.5% of your household income. The home heating credit is funded by a block grant from the federal government. In order to limit credits to the available amount of federal funding, 2004 credits will be multiplied by a proration factor of 76%. A claimant whose heating costs are included in his/her rent, should multiply the result of the preceding calculation by 50%. You will not get a credit if your household income exceeds the amount in the income ceiling column on the right of the table.

### SAMPLE COMPUTATION

John and Mary Smith had a household income of \$9,200. They had two children and were entitled to four exemptions.

Standard Allowance . . . . .	\$727.00
Less: 3.5% of household income (.035 x \$9,200) . . . . .	<u>– \$322.00</u>
Home Heating Credit Subtotal . . . . .	\$405.00
Proration Factor . . . . .	<u>x .76</u>
Home Heating Credit . . . . .	\$307.80

## ALTERNATIVE CREDIT

To determine if you qualify for the alternative credit formula, look at the table below and see if your household income exceeds the maximum specified on the right for the number of exemptions you are eligible to claim:

<b>Your Exemptions</b>	<b>Maximum Income</b>
0 or 1	\$11,360
2	\$15,287
3 or more	\$16,757

To compute the alternative credit, you must determine your total heating costs for the 12 consecutive monthly billing periods ending during October of the tax year (November 2003 to October 2004). Then you reduce your total heating cost (maximum allowed in 2004 is \$1,843.00) by 11% of your household income. Your home heating credit will be 70% of this amount. 2004 credits will be multiplied by a factor of 76%. If your claim is for less than 12 months or your heating costs are currently included in your rent, you cannot claim an alternative credit.

### SAMPLE COMPUTATION

Bill and Helen Smith had a household income of \$7,500 and were entitled to three exemptions. Their total heating cost was \$1,500.

Fuel cost .....	\$1,500.00
Less 11% of household income (.11 x \$7,500) .....	<u>– \$ 825.00</u>
Balance .....	\$ 675.00
Multiply by 70% .....	<u>x .70</u>
Home Heating Credit Subtotal .....	\$ 472.50
Proration Factor .....	<u>x .76</u>
Home Heating Credit .....	\$ 359.10

Even if you qualify for the alternative credit, you should also calculate your credit using the standard method and claim the larger credit.

## **HOW TO APPLY**

You must claim a Home Heating Credit on form MI-1040CR-7. To receive your 2004 credit, claims must be filed by September 30, 2005. If your claim is approved, the Michigan Department of Treasury will send you an energy draft in the amount of your credit. The energy draft is negotiable through your enrolled heating fuel provider. For a claimant for whom, at the time of filing, the Family Independence Agency (FIA) is making direct vendor payments to an enrolled heating fuel provider, the department will send the energy draft directly to the claimant's enrolled heating provider, as identified by the claimant. Specifically, beginning with tax year 2004, FIA clients who receive their heat from DTE Energy, Consumers Energy, or SEMCO Gas will have their home heating credit sent directly to their heat provider, regardless of whether they are enrolled in FIA's direct payment program. Detailed information will be provided with your draft. If your energy draft is for more than you owe your energy provider, the overpayment will be applied to subsequent bills by the energy provider until they are used up or until nine months have passed. Your energy provider must send you a refund within 14 days after the end of the nine-month period. Enrolled heating providers who fail to issue payment within 14 days must pay interest on the amount due the claimant.

If you rent, you are still eligible for this credit. However, if your heating costs are included in your rent payment, your credit is reduced by 50%, and the Michigan Department of Treasury will send you a check in the amount of your reduced credit instead of an energy draft.

Any claimant who can prove to the Department of Treasury that an energy draft is not practical because the person has already purchased the necessary energy supply for the year and has no outstanding obligations to an enrolled heating fuel provider, may return the energy draft to the department in exchange for a check. Moreover, any person claiming a credit who is no longer a resident of Michigan, or who is not a customer of an enrolled heating fuel provider, or whose heating fuel provider refuses to accept an energy draft, may return the draft to the Department of Treasury in exchange for a check.

Pursuant to 2001 PA 169, no portion of the credit may be attached, garnished, or otherwise applied to any liability, arrearage, or other debt of the claimant. This would include liability for Michigan taxes, support payments, garnishment, IRS levies, and employment security repayments, among others.

# SINGLE BUSINESS TAX

The Single Business Tax, established by 1975 PA 228, became effective January 1, 1976 and replaced a host of other business taxes, including a corporate income tax, a corporate franchise tax, and local property taxes on business inventories. It was a major change in Michigan's tax policy and substantially altered the taxation of businesses in Michigan.

The Michigan Legislature examined the tax after one year and decided that tax relief was both desirable and necessary for small, low-profit businesses. However, the Legislature also decided that the SBT has a desirable characteristic in that state revenues do not fluctuate to the extent revenue fluctuated under the corporate income tax and, moreover, it does not discriminate on the basis of business organization. In recent years, the Legislature has provided tax relief through a number of significant modifications to the act.

These modifications, however, never completely quelled a number of negative characterizations of the tax and the Michigan Legislature, pursuant to 1999 PA 115, decided to completely phase out the tax by reducing its rate one-tenth of a percentage point each year that the state's "rainy day" fund year-end balance remains above \$250 million. Under this timetable, the SBT rate would have reached zero by as early as 2021. For the 2004 tax year, the rate will remain at 1.9% because the "rainy day" fund is below \$250 million. Under 2002 PA 531, the timetable has been advanced to repeal the act after 2009. In addition, the filing threshold has been raised to \$350,000 for the 2003 tax year and beyond.

The passage of 1999 PA 115 and 2002 PA 531 culminated a long effort to reform the tax. Indeed, in recent years, pursuant to 1994 PA 247, the Single Business Tax rate was lowered from 2.35% to 2.3%, effective October 1, 1994. Under the provisions of 1994 PA 245, the alternate rate under the small business credit was reduced from 3% to 2%, effective October 1, 1994. For tax years beginning after December 31, 1994, 1995 PAs 1 and 6 eliminated, respectively, an employer's FICA contributions (Social Security and Medicare) and an employer's workers' compensation and state and federal unemployment compensation fund contributions from the SBT tax base. Similar legislation enacted in 2003 (2003 PA 240) removed certain percentages of a business entity's Michigan-based health care costs from the definition of compensation. The act exempts 5% of the payment in the tax year that begins after December 31, 2003, 20% of the payment in the tax year that begins after December 31, 2004, and 40% of the payment in the tax year that begins after December 31, 2005. A companion measure (2003 PA 241) allows an exclusion of 50% of these health care costs for the tax year beginning after December 31, 2006 and beyond.

Under the provisions of 1994 PA 246, the thresholds for filing were also revised. For entities under common control, the filing threshold is now based on the group's total adjusted gross receipts, not the receipts of each member. Pursuant to 1995 PA 80, those members of controlled groups whose adjusted gross receipts are less than \$100,000 are not required to file or pay the tax. Therefore, if the group's combined adjusted gross receipts exceed the filing threshold, all members with adjusted gross receipts over \$100,000 must file a return. Adjusted gross receipts are apportioned gross receipts plus recapture of the capital acquisition deduction.

For tax years beginning after December 31, 2002, the threshold for filing has increased to \$350,000. In anticipation of the effects of raising the adjusted gross receipts threshold, the department developed a new abbreviated instruction booklet containing a "Notice of No Return Required" (form C-8030) and an "SBT Simplified Return" (form C-8044). The form C-8030 may allow you to make your SBT account inactive, and form C-8044 permits those with adjusted gross receipts less than \$350,000 to claim a refund

of payments made even if they do not meet the form's qualifying criteria. If your adjusted gross receipts are over \$350,000 and you have no tax liability, you cannot file form C-8030 as in the past. You must file an annual return. A taxpayer would file as follows:

<b>Tax Year</b>	<b>Adjusted Gross Receipts Filing Threshold</b>
Beginning before 1/1/91 .....	\$ 40,000
Beginning after 12/31/90 and before 1/1/92 .....	60,000
Beginning after 12/31/91 and before 1/1/94 .....	100,000
Beginning after 12/31/93 and before 1/1/95 .....	137,500
Beginning after 12/31/94 .....	250,000
Beginning after 12/31/02 .....	350,000

Finally, an alternate single business tax return developed in 1994 permits taxpayers to calculate the alternate tax only, while still taking their unincorporated credit.

## **KEY FEATURES OF THE SBT**

The major provisions of the Single Business Tax are:

1. The SBT is a value-added type of tax. The tax is levied on the sum of total compensation, net income (loss), depreciation, and interest paid minus a number of favorable exemptions and deductions. As such, it is a tax on the economic size of the firm; it is not a tax solely on income apportioned or allocated to this state. The Single Business Tax (SBT) is a tax on payroll and profits, and thus is incurred whether or not a business is profitable.
2. The Michigan investment tax credit (ITC) replaced the capital acquisition deduction beginning with the 2000 tax year. The amount of the credit will be calculated by multiplying net capital investments made in Michigan by the applicable ITC rate and multiplying that result by a percentage determined by dividing the applicable tax rate by 2.3%. The ITC rate is based on a firm's adjusted gross receipts (AGR). If AGR are \$1 million or less, the ITC rate is 2.3%; if AGR are \$1 million - \$2.5 million, the ITC rate is 1.5%; if AGR are \$2.5 million - \$5 million, the ITC rate is 1.0%; and if AGR are over \$5 million, the ITC rate is 0.85%. The investment tax credit will be reduced by reductions in the adjusted tax base taken for compensation in excess of 63% of the tax base and will not be available if a gross receipts reduction is taken by the taxpayer.
3. The excess compensation deduction cuts the SBT by up to 37% for labor-intensive firms. The provision allows a firm to reduce its adjusted tax base by the percentage that labor costs exceed 63% of the tax base.
4. The gross receipts "short method" allows all firms to compute their tax based on 50% of gross receipts.
5. The statutory exemption allows firms with combined business income and shareholders' compensation of less than \$67,500 to deduct up to \$45,000 or more, if eligible, from their tax base.
6. Other major features of the tax include a small business credit and an additional credit for unincorporated businesses. The small business credit allows a firm with no more than \$10,000,000 in gross receipts, \$475,000 in adjusted business income, and \$95,000 in profits and compensation to owners, partners, officers, and/or shareholders to reduce its tax liability by up to 100%. For the

1998 tax year and beyond, partial small business tax credits are also available for businesses that have an individual, partner, or shareholder with profit or compensation between \$95,000 and \$115,000. The small business credit converts the SBT to an earnings tax for most firms that qualify, tying the tax to their earnings (including owner's compensation). For firms claiming the credit, the SBT averages less than 2% of adjusted business income. However, all firms must compute actual tax base to claim the standard small business credit. An additional credit is also allowed for unincorporated businesses, depending on the amount of their net business income. In 1986, a credit was established which is equal to 50% of a person's certified investments in minority venture capital companies and minority enterprise small business investment companies certified under the Michigan Strategic Fund Act (1984 PA 270). In 1995, a new act created a credit for eligible businesses creating new jobs in Michigan. Under 1995 PA 23, businesses certified by the Michigan Economic Growth Authority (MEGA) may claim a credit for SBT attributable to a new or expanded facility and a refundable credit of 4.4% of wages attributable to qualified new jobs created in Michigan. This credit would be available for up to 20 years. 1999 PA 100 extended the initial eligibility period for MEGA certification to December 31, 2003. Legislation enacted in 2003 (2003 PA 249) extended the eligibility through December 31, 2009. In addition, 1996 PA 382 created a credit of up to 10% of the cost of eligible investment in a brownfield zone, 1996 PA 593 added an apprentice credit, and 1996 PA 441 established a credit for business activity conducted in a renaissance zone, all beginning in 1997. Businesses may also be eligible for certain other credits, including the public contributions credit, the historic preservation tax credit, the community foundation credit, and the homeless credit.

7. In 1987, the Michigan Legislature enacted an alternative tax for small businesses. Any firms eligible to claim a small business credit that wish to may now figure their SBT by multiplying their adjusted business income by 2%. Businesses that select this method may not claim a standard small business credit.
8. Firms with adjusted gross receipts under \$350,000 for the 2003 tax year and beyond, do not have to pay a tax or file a return. Adjusted gross receipts are the sum of apportioned gross receipts and recapture of a capital acquisition deduction. As amended by 2000 PA 477 and 2002 PA 606, "gross receipts" are defined as the entire amount received from any activity whether in intrastate, interstate, or foreign commerce carried out for direct or indirect gain, benefit, or advantage to the taxpayer or to others, with certain exceptions.

## TAX CALCULATION

The Single Business Tax is calculated by taking the tax base (compensation, net income (loss), depreciation, interest paid, and taxes on income) and subtracting purchases of depreciable property, the statutory exemption (up to \$45,000 plus \$12,000 per partner for up to four partners), and excess compensation deduction or gross receipts reduction to arrive at the taxable base.

The tax liability is then determined by multiplying the taxable base by the applicable tax rate. For 2004, the rate is 1.9%. If a business qualifies, it may claim the small business credit. The amount of the credit is equal to the tax liability times the percentage calculated by first dividing adjusted business income (net income (loss) plus payments to officers and shareholders) by 45% of the tax base, and then subtracting the result from one. The alternative tax computation lets you pay a tax of 2% of your adjusted business income. You should figure your tax using both the alternate and the standard method and select the one that gives you the lower tax after credit. Businesses taxable in another state multiply their tax base by an apportionment factor.

# NEW STATE TAX LAWS

## INCOME TAX

**2004 PA 199**—The act amended the Income Tax Act of 1967 to allow United States military personnel serving in a combat zone to delay paying their state income taxes until 180 days after leaving the combat zone.

**2004 PA 313**—The act created a new income tax credit for automobile donations to charitable organizations providing vehicles to people in need of employment-related transportation. The act sets the maximum amount of the nonrefundable credit at \$50 (\$100 on a joint return).

**2004 PA 335**—The act amended the home heating credit to apply overpayments to a claimant's future bills until they are used up or until nine months have passed.

**2004 PA 364**—The act amended the Income Tax Act to establish a Military Family Relief Fund check-off program. The act allows a taxpayer to donate \$1 or more of his or her income tax refund to the fund. This fund provides assistance to needy families of military personnel serving in active duty, and also helps support the services of Michigan's veterans' facilities.

**2004 PA 394**—The act allows an income tax deduction for contributions to a Michigan Education Savings Account, regardless of whether or not withdrawals from the account have begun, under certain circumstances.

## PROPERTY TAX

**2004 PA 79**—The act expanded the authority of local governments to exempt new personal property of a business located in an "eligible distressed area" from the property tax.

**2004 PA 244**—The act amended the General Property Tax Act to allow a local government to exempt the real property owned or used by an innovations center located in a "smart park" from property taxes.

**2004 PA 245**—The act allows a local government to exempt personal property owned or used by an innovations center located in a "smart park" from property taxes.

**2004 PA 252**—The act allows a local government to exempt the real and personal property of a "qualified start-up business" from property taxes for up to five years.

**2004 PA 357**—The act amended the General Property Tax Act to begin a three-year phase-in for collecting the county taxes as a summer tax levy rather than as a winter tax.

## SALES AND USE TAX

**2004 PA 172**—The act amended the General Sales Tax Act to make a number of largely administrative and definitional revisions to the act to put Michigan in compliance with the Streamlined Sales Tax Project, a multistate effort designed to standardize sales and use tax administration across the states, with the ultimate goal of promoting sales and use tax collection by remote sellers.

**2004 PA 173**—The act amended the Use Tax Act to make a number of largely administrative and definitional revisions to the act to put Michigan in compliance with the Streamlined Sales Tax Project, a multistate effort designed to standardize sales and use tax administration across the states, with the ultimate goal of promoting sales and use tax collection by remote sellers.

**2004 PA 174**—The act created the Streamlined Sales and Use Tax Act to enter the state into the Streamlined Sales Tax Project.

**2004 PA 175**—The act created the Streamlined Sales and Use Tax Revenue Equalization Act to equalize the impact of tax changes made to put Michigan in compliance with the Streamlined Sales Tax Project.

**2004 PA 301**—The act amended the General Sales Tax Act to exempt from the tax sales of automobiles by charities to people who need transportation for work.

**2004 PA 312**—The act amended the Use Tax Act to exempt from the tax automobiles donated by charitable organizations to eligible persons for employment-related transportation.

**2004 PA 435**—The act amended the Use Tax Act to exempt from the tax automobiles donated to churches that provide automobiles to persons who need transportation for work.

## **SINGLE BUSINESS TAX**

**2004 PA 302**—The act created a \$100 single business tax credit for donations of automobiles to charities that donate automobiles to people who need transportation for work.

**2004 PA 319**—The act amended the Single Business Tax Act to create a tax credit for “created jobs” in manufacturing and high technology activity.

## **MISCELLANEOUS TAXES**

**2004 PA 164**—The act increased the tobacco products tax by an additional 37.5 mills per cigarette (\$.75 per pack), and an additional 12% on the wholesale price of other tobacco products. The proceeds of this increase are dedicated to the Medicaid Benefits Trust Fund.

**2004 PA 251**—The act amended the Obsolete Property Rehabilitation Act to allow a local government to exempt a qualified start-up business from the obsolete properties tax for up to five years.

**2004 PA 321**—The act amended the Technology Park Development Act to allow a local government to exempt a qualified start-up business from the specific tax on certain facilities located in a technology park for up to five years.

**2004 PA 323**—The act amended 1974 PA 198 to allow a local government to exempt a qualified start-up business from the specific tax on industrial facilities granted a “PA 198” general property tax exemption. The exemption may be granted for up to five years.

**2004 PA 324**—The act amended 1953 PA 189, which provides for a specific tax on facilities leasing tax-exempt property, to allow a local government to exempt a qualified start-up business from the tax for up to five years.

**2004 PA 387**—The act amended the Michigan Education Savings Program Act to, in part, allow 501(c)(3) organizations and estates and trusts to purchase education savings accounts. The act also allows an account owner to transfer ownership of an account to a 501(c)(3) organization.

**2004 PA 398**—The act amended the Michigan Economic Development Authority Act to lower the amount of capital investment that a business would need to qualify for a single business tax credit, if it maintained at least 100 jobs at a single facility.

**Certified Community Foundations and Component Funds**

A component fund serves donors and nonprofit organizations in a specific geographic area as a restricted fund of a neighboring community foundation. The following are certified for the Community Foundations Credit for 2004.

# Use Tax

If you have paid the tax for your out-of-state purchases, check Box "a" on your 2004 MI-1040, line 29. If you are unsure, read the following.

Every state that has a sales tax has a companion tax for purchases made outside that state, by catalog or over the Internet. In Michigan, that companion tax is called the "use tax," but might be described more accurately as a remote sales tax because it is a 6 percent tax owed on purchases made outside of Michigan.

You owe tax on purchases for "storage, use or consumption in Michigan of tangible personal property" from companies that do not collect Michigan sales or use tax. This includes mail order and Internet purchases as well as purchases while traveling in foreign countries and other states. You do not have to pay Michigan use tax if:

- Michigan sales or use tax was paid to the seller, or
- The seller charged another state's sales tax (including local sales taxes) of at least 6 percent on purchases, or
- Purchases made outside Michigan in a calendar month did not exceed \$10. If total purchases for the month exceed \$10, then all purchases are subject to tax.

Use tax must be paid on the total price (including shipping and handling charges) of all taxable items purchased from out-of-state retailers who do not collect Michigan tax.

## Examples of Taxable Items

Examples of purchases subject to use tax, only if you have not already paid a tax of at least 6 percent, include Internet, mail order, or out-of-state catalog purchases and purchases made while traveling in another state and/or foreign country.

**Note:** No credit is given for tax paid on purchases made in a foreign country. Use tax is owed when the item is brought into Michigan.

## Purchases from Out-of-State Businesses

An out-of-state business that does not have a store, warehouse or employees in Michigan does not have to register and collect Michigan use tax. However, many out-of-state businesses voluntarily collect use tax for their customers. Michigan tax must be itemized separately on the out-of-state seller's invoice.

## How to Pay Use Tax

You may pay use tax on your MI-1040. Use Worksheet 1 to calculate your tax. Check the box on line 29 that applies to your situation and enter the amount of tax due, if any, on line 29.

## Worksheet Calculation

**Line 1:** For purchases under \$1,000, if you know the amount, multiply your total purchases times 6 percent (.06) and enter the amount on Line 1.

**OR,** for purchases under \$1,000, if you have incomplete or inaccurate receipts to calculate your purchases, you may use Table 2-Use Tax to estimate your taxes. (See the example.)

Line 1 should contain a number unless you made no purchases under \$1,000 subject to the use tax.

**Line 2:** In all cases, if a single purchase exceeds \$1,000, you must pay 6 percent use tax on those purchases.

**Line 3:** Total Use Tax due (total of Line 1 and Line 2).

## WORKSHEET 1 - USE TAX

**Line 1:** Itemized purchases under \$1,000 x 6 percent (.06) **OR** Use Tax Table amount . . . . . \$\_\_\_\_\_

**Line 2:** Single purchases each over \$1,000 x 6 percent (.06) . . . . . \$\_\_\_\_\_

**Line 3:** Total Use Tax Due (total of Line 1 and Line 2) . . . . . \$\_\_\_\_\_

Enter amount from Line 3 above on your 2004 MI-1040, line 29, and check box "b."

**Example:** Kurt ordered a computer from a catalog retailer in New York for \$1,437.50. Kurt also purchased items over the Internet for less than \$1,000 during the year, but lost his receipts. He is sure he did not pay Michigan sales tax. Kurt's AGI is \$46,500. Kurt would complete Worksheet 1 as follows:

Line 1: Kurt selects \$23 from the table based on his AGI \$23.00

Line 2: Kurt enters \$1,437.50 x 6 percent \$86.25

Line 3: Total use tax due \$109.25

Kurt would enter \$109 (no cents) on his 2004 MI-1040, line 29, and check box "b."

Using Table 2 - Use Tax to estimate your taxes does not preclude the Michigan Department of Treasury from auditing your account. If additional tax is due, you may receive an assessment for the amount of the tax owed, plus applicable penalty and interest.

### EXAMPLE A: Computing Pension Deduction

John and Karen file jointly and received the following income during 2004:

Michigan Public School Retirement System .....	\$12,000
Military Retirement Pay .....	\$ 8,000
General Motors Retirement Program .....	\$20,000
IRA Distribution .....	\$ 4,000

John and Karen are allowed to deduct the entire amount of pension income they receive from public/military retirement systems in determining Michigan taxable income. However, the maximum allowable private pension deduction must be reduced by the amount of public/military pension income claimed as a deduction.

#### Determining the private pension deduction:

**Step 1:** Add all public and military retirement benefits together .....  $\$12,000 + \$8,000 = \$20,000$

**Step 2:** Deduct the amount calculated in Step 1 from \$77,100  
(use \$38,550 if a single filer) .....  $\$77,100 - \$20,000 = \$57,100$

**Step 3:** Combine the total amount of private pension income including IRAs .....  $\$20,000 + \$4,000 = \$24,000$

**Step 4:** Determine which is smaller: the amount computed in Step 2 or Step 3.  
The \$24,000 from Step 3 is smaller and is the allowable private pension deduction.

**Step 5: Determine the total pension deduction** by adding the amounts computed in Step 1 and Step 4.

Total public and military pension income .....	\$20,000
Total allowable private pension deduction .....	<u>24,000</u>
Total 2004 pension deduction. Enter on MI-1040 Schedule 1, line 12 .....	\$44,000

### EXAMPLE B: Senior Citizen Interest, Dividend and Capital Gains Deduction

Joe and Susan are both 67 and file jointly. They received the following income during 2004:

Capital Gains .....	\$10,000
Pension .....	\$ 2,000
Social Security .....	\$ 4,800
Dividends .....	\$ 500
Interest .....	\$ 2,000

They may deduct the \$2,000 pension on their MI-1040 and the senior citizen interest, dividend and capital gains income as shown in Steps 1 through 3 below.

#### Determining the interest, dividend and capital gains deduction:

**Step 1:** Add all capital gains, dividends and interest income:

Capital Gains .....	\$10,000
Dividends .....	500
Interest .....	<u>2,000</u>

## General Information

### Michigan College Tuition and Fees Credit

A nonrefundable Michigan income tax credit for college tuition and uniformly-required fees paid on behalf of a student is available for 2004. Uniformly-required fees are those fees which are paid by all students attending the named college or university.

To claim this credit, a taxpayer must be a permanent resident of Michigan at the time the tuition and fees were paid, have adjusted gross income of \$200,000 or less, and file a *Michigan Individual Income Tax Return* (Form MI-1040).

The student must attend a Michigan institution of higher education which certifies that tuition will not increase in the ensuing academic year by more than the preceding year's rate of inflation. See the list below. If your school is not listed, you may not claim the credit.

The amount of the credit is limited to 8 percent of tuition and fees paid per student. The credit cannot exceed \$375 for each student in each tax year and can only be taken for four years per student.

Students attending an institution providing programs solely for sectarian instruction or religious worship are not eligible for the credit.

When computing the credit remember:

- The student must be working on an undergraduate degree or certificate.
- Use the amount of tuition and fees actually paid by the claimant during the tax year. Tuition and fees paid by student loan funds are eligible for the credit. Do not include the amount covered by MET contracts, scholarships, grants, etc.
- The cost of books, room and board, transportation, etc. are not considered tuition and fees paid and therefore cannot be used in the computation.
- The credit cannot exceed \$375 per student, even if two or more individuals have contributed to one student's education.
- Amounts paid into (or under) a MET contract do not qualify as tuition paid.

Treasury may request proof of tuition and fees paid. Failure to attach your *Schedule CT* to your MI-1040 can delay processing of your return.

If your school is not listed, you may not claim the credit.

## 2004 MICHIGAN Direct Deposit of Refund

Attach to Form MI-1040CR-7. Type or print in blue or black ink.

Print numbers like this: 0123456789 - NOT like this: 0147

Attachment Sequence No. 11

1. Filer's First Name	M.I.	Last Name	2. Filer's Social Security No. (Example: 123-45-6789)
3. If a Joint Return, Spouse's First Name	M.I.	Last Name	4. Spouse's Social Security No. (Example: 123-45-6789)
5. Name of Financial Institution			

6. Routing Transit Number (RTN)  The first two numbers of the RTN must be 01 through 12 or 21 through 32.

8. Type of Account:

☐ (1) Checking

7. Account Number

☐ (2) Savings

### Why Use Direct Deposit?

**Convenient:** Your refund is deposited directly into your account at the financial institution of your choice.

**Safe:** Direct Deposit eliminates lost or stolen refund checks.

**Reliable:** Direct Deposit is done electronically. Your refund is deposited timely, even if you are on vacation or traveling on business.

### General Instructions

If you file an MI-1040CR-7 and are not receiving an energy draft, complete this form to have your check directly deposited into your bank account.

First check with your financial institution to (1) make sure it will accept direct deposit, (2) obtain the correct RTN and account number, and (3) if

applicable, verify that your financial institution will allow a joint refund to be deposited into an individual account.

You may also use Direct Deposit if you file an MI-1040, MI-1040CR or MI-1040CR-2. The request for Direct Deposit information is contained on these forms. A separate Direct Deposit of Refund, Form 3174, is not required.

#### You should NOT file this form if:

- You file an MI-1040CR-7 and an energy draft will be issued.
- You file electronically. Give your routing transit number (RTN) and bank account number to your tax preparer. This information will become part of the electronic file.
- You are a **personal representative** filing a return on behalf of a deceased taxpayer.
- You completed the Direct Deposit information on the MI-1040, MI-1040CR or MI-1040CR-2.

### Line-by-Line Instructions

Lines not listed are self-explanatory.

**Line 5:** Enter the name of the financial institution where the direct deposit will be made.

**Line 6:** Enter the nine-digit routing number. The routing number is usually found between the symbols |: and |: on the bottom of your check (see check sample). The first two digits must be 01 through 12 or 21 through 32.

**Line 7:** Enter your bank account number up to 17 characters (both numbers and letters). The account number is usually found immediately to the right of the routing number on the bottom of your check (see check sample). Include hyphens but omit spaces and special symbols. Enter the number from left to right and leave unused boxes blank. Do not include the check number.

ANYTOWN BANK Anytown, MI 49111		_____ Dollars	
Routing Number  : 270000065	Account Number  : 300000915	" " • 1800	
		Do not include check number	

The routing number and account number may appear in a different location on your check.

## What If There Is a Problem With My Direct Deposit Request?

If we are unable to honor your request for direct deposit, we will send you a check. Your request for direct deposit may be affected by any of the following:

- You or your spouse owe a debt to the State of Michigan or to a third party which the state is obligated to pay before it can refund money to you. This includes child support, garnishments and levies.
- You close your bank account after submitting your tax return and direct deposit request.
- The financial institution rejects the direct deposit because you entered an incorrect routing number or account number, or you did not check the correct box for line 8.
- You requested that your refund be deposited into a foreign bank or a foreign branch of a U.S. bank. The State of Michigan can only make direct deposits to accounts in U.S. financial institutions located in the United States.

**More Information on Direct Deposit.** Call the Michigan TeleHelp System at 1-800-827-4000, select menu option “4,” then “192.” You may also contact your financial institution to find out if your direct deposit has been made. Allow at least eight weeks for the processing of your refund before calling your financial institution.

## Instructions for Completing the Withholding Tax Schedule (Schedule W)

### General Information

Schedule W is designed to report State of Michigan and Michigan city income tax withholding. Schedule W will be imaged to enable us to process your individual income tax return more efficiently.

Attach the completed Schedule to your return. A Sequence Number is listed in the upper right corner to help you assemble your form in the correct order behind your *MI-1040 Individual Income Tax Return*. **If a Schedule W is not attached when required, the processing of your return may be delayed. Do not attach your W-2 and/or 1099 forms to your return.** Keep copies with your tax records for six years and have them available if requested by the Department of Treasury.

**Michigan Residents.** If you paid income tax to a governmental unit outside of Michigan, see instructions for MI-1040, line 23, on pages 12-13.

### Completing the Withholding Tables

*Lines not listed are explained on the form.*

Complete the withholding tables using information from your W-2, 1099 and MI-NR-K1 forms, and any other documents that contain Michigan tax withheld. If you need additional space, attach another Schedule W.

### Column D

Table 1: From W-2s, enter wages, tips, military pay, and other compensation.

Table 2: From 1099 or MI-NR-K1 forms, or other withholding documents, enter unemployment compensation, taxable interest, ordinary dividends, miscellaneous income, bartering, taxable pension distributions in excess of contributions, state and local income tax refunds, credits or offsets, rents, royalties, and/or other taxable income from which Michigan tax was withheld.

### Column F

Table 1: Enter city income tax withheld from Michigan cities only.

Table 2: Enter Distribution Code from your 1099R (if applicable).

### Line 1, SUBTOTAL

Enter the total of Table 1, columns E and F. Carry total from Table 1, column F, to the City Income Tax Worksheet in the MI-1040 Instruction Book.

### Line 3, TOTAL

Add line 1 from Table 1, and line 2 from Table 2. Enter total on Table 2, line 3, and carry to your MI-1040, line 34.
